Russians Hold Back German Of-
fensive Movement in East
Prussia and Prepare for Austria

BRITISH WATCH PACIFIC BATTLE

London, Nov. 5.—No decision has yet been reached in the battle in the sand dunes of West Flanders and the opposing armies now stand virtually as they have stood for many days.

While the Germans keep hammering away at the allies around Ypres, which route they choose for their march to the coast after they had found the road along the sea barred to them and the allies are making an effort to move northward to Ostend, neither side has got very far. The Belgians and those supporting them have found that the floods which they created to stop the German advance are a hindrance to their movements, although they have been able to occupy some villages, including Bixchoote, which had been in the possession of the Germans.

Around Ypres, the German offensive, according to the accounts of the allies has met with no success. In fact it seems that all along the lines there has been merely a repetition of artillery duels and of infantry attacks and counter attacks which sometimes succeed but more often do not.

On the frontier in the east more wide sweeping movements are being made by the opposing armies. The Russians from all reports have driven back the German center to the River Warthe in Russian Poland, have held back a German offensive movement from east Prussia and now are straightening out their line for a more vigorous offensive against the Austrians, who have been trying to beat their wing in Galicia.

Will Relieve Allied Armies.

It is to the battles in these regions that the British military men now are looking, for they declare that if the Russians can keep up their successful fighting against the Austrians and Germans, relief will come to the allied armies in the west because of the necessity for a withdrawal of German army corps from France and Belgium to protect Silesia and East Prussia. These military observers express the belief that the Turkish threat against the Russian Caucasus will weaken the Russian armies by withdrawals from Poland but the Russian authorities say the advent of Turkey into the war already has been discounted and that they have sufficient troops to deal with Turkey on the spot.

The first reports of the fighting between the Russians and the Turks are as conflicting as were the Austrian and Russian accounts of the warfare in Galicia. Each contender claims to have invaded the others territory and to have defeated his frontier armies. These fights, however, probably have been only advance guards affairs and it is thought here that some time may elapse before a pitched battle takes place.

The Anglo-French fleet continues to bombard the Dardanelles forts but the Turks say the warships have inflicted no damage. In other parts of Turkey British warships are being kept away. The government, however, has ordered that holy places shall be respected by the British gun fire as long as the Indian subjects visiting them are not molested.

This necessity for respecting the feelings of her Moslem subjects, it is considered here, may hamper Great Britain somewhat in the prosecution of the war against Turkey, but with her large Moslem populations it cannot be disregarded. In addition to the assurances received from the Indian princes, England has been informed by the leaders of the Moslems in the Malay states that her war against Turkey will not affect the loyalty of the Moslems to the empire.

Interest in Naval Battle.

The result of the naval battle in the Pacific between the German and British squadrons, details of which are still lacking here, naturally is the most discussed subject of the war in England. It is realized that the most serious subject of the war is the sinking of the Monmouth and serious damage to the Good Hope, probably are true.

"It is the price of the admiralty," says the average Englishman, "that says the average Englishman of this and other losses to ships that have been sustained since the war commenced. The balance thus far is on the side of Germany but every British seaman is confident that when the main fleets meet this discrepancy will be more than wiped out. It is believed here that should the German fortress of Tsing-Tau fall the British and Japanese vessels engaged there will start out in an endeavor to round up the eight or nine German cruisers still at large."

ARE PREPARING FOR THOROUGH CLEAN-UP

DISINFECTANT SPRAYED OVER CAT-
TLE PENS IN UNION STOCK YARDS

Eight Hundred Men Will Disinfect
13,000 Pens, 25 Miles of Water
Troughs and 725 Chutes Before
Business is Resumed November
15th.

Chicago, Nov. 5.—Sprays of disinfectant today were squirted over the 340 acres of cattle pens at the Chicago Union Stock Yards, preparatory to a complete shut down of the yards to begin Saturday and to continue until November 15, because of the prevalence of foot and mouth disease among cattle. An idea of the magnitude of the work is shown by the fact that 800 men are thoroughly to disinfect 13,000 pens, 725 chutes and 25 miles of water troughs before business at the stock yards, the world's largest cattle market, may be resumed.

Supplementing the federal quarantine against interstate movement of cattle from Illinois, the state live stock board ordered a quarantine also to take effect Saturday when all cattle shipments are to be permitted between points within the state until all cattle pens are disinfected and pronounced useable by the state board. The state action puts an absolute embargo not only on the stock yards but also on all the livestock receiving depots of the big meat packers.

Will Not Tie up Industry.
The meat packers however said, there would be no tie up of their industry, no scarcity of meat and, except in the killing and some mechanical departments, no laying off of help, as the present supply of cattle were sufficient to keep the plants busy during almost all the quarantine period. Fifteen per cent of the acreage of the stock yards was reported as having already been disinfected and both the livestock exchange members and the packers said the entire yards would be given a clean bill of health and business resumed immediately after the quarantine is lifted.

Few New Cases Reported.
Few new cases of the disease were reported today. The 600 infected cattle, valued at \$40,000, which were held to blame for the presence of the disease in Chicago were destroyed. Eighteen prize cattle out of a lot of 1,000 exhibited last week at the National Dairy Show also were destroyed. B. J. Shanley, state veterinarian said the remaining prize cattle brought here from twenty states and Canada would be held for developments and if they were found infected all of them would be destroyed even though it might entail a loss of several million dollars.

Will Co-operate With Government.
"Illinois has decided to co-operate with the federal government in every possible way to eradicate this disease immediately," said Mr. Shanley. "We realize that more cattle pass through the Chicago yards than any one point in the country, and this, of all places, should be kept sanitary. We have been impressed with the dangerous possibilities that if the disease should spread to the western ranges we never would be able to rid the country of it. Hence our hearty co-operation with the federal authorities to stamp it out at once."

Will Not Slacken Business.

On behalf of the packers, F. E. White, director of Armour and Co., issued this statement: "There is no occasion for excitement over the measures adopted by the government and state authorities in the application of the quarantine regulations. The move is intended to quiet rather than alarm the people. While the restrictions are drastic, we all believe that they will be effective. There will be no material slackening of business. Killing floors will be idle for about a week and other departments will work as usual, as we have ample supplies of products for all requirements."

Show May Be Called Off.

The national live stock show set for one week beginning November 28, it was said, probably would be called off.

Disease Spreads Rapidly.

Washington, Nov. 5.—Placing of a federal quarantine on shipment of live stock out of Ohio and Wisconsin and reports of the rapid spread of the foot and mouth disease in states already quarantined marked the day's development at the department of agriculture against the worst epidemic of the infection ever known in the United States.

Scores of additional federal inspectors were rushed into the field to trace every shipment from infected centers. Reports from inspectors already at work led department officials to predict tonight that many other communities soon will be affected.

The number of animals killed in infected areas is rapidly mounting up and the unexpected demand upon the department to meet this loss and the expenses of inspectors led Secretary Houston to confer with President Wilson regarding an emergency appropriation from congress. Under the present plan, the department is paying the salaries of inspectors elected by the various states to fix the value of slaughtered animals and is bearing half of the actual meat value of the animals killed.

From Ohio during the day came reports of infected cattle in the Toledo live stock yards, Fostoria, Moline and Norwalk. The outbreak in Wisconsin was discovered at Evansville. Inspectors reported that the dis-

War News Summarized

No marked changes in the battle line in France and Belgium are indicated by the latest official reports. The Germans claim progress at several points in the extreme west, notably near Ypres, where they are trying to break through to reach Calais. The French say there is nothing new to report in the operations north of the river Lys. Petrograd claims continued successes in East Prussia and south of the Vistula, while German many says conditions in these regions are unchanged.

Russia still contends that her troops are vigorously defeating the Turks but the Ottoman government contradicts and declares that its forces are the victors in the engagements that have occurred thus far.

A Petrograd newspaper says a Turkish army of 90,000 men is on the Caucasus frontier and has occupied many villages.

A newspaper despatch from Odessa says twelve German and Turkish columns have been sunk off the coast of Anatolia.

France following the lead of Great Britain, has declared war on Turkey.

Persia has sent a note to the powers announcing that it will maintain strict neutrality in the war. The Spanish premier also says that Spain will not become embroiled.

American marines were said to have landed in Beirut, Syria, to protect the Christian population.

According to a Rotterdam despatch the people of Ostend have been warned to take to their cellars with a five days food supply.

As yet no word has come from the five vessels engaged in the sea fight off Chile and which did not report after the battle. These are the British cruisers Good Hope and Glasgow and the British transport Otranto, and the German cruisers Leipzig and Bremen.

An officer of a steamer sunk by the German cruiser Karlsruhe says the Germans have a base on an island north of Brazil and powerful wireless on scout ships which keep them informed of the movements of British vessels.

A German officer in Alexandria, Egypt, has been sentenced to life imprisonment on a charge that he intended to blow up the Suez Canal.

The British mine sweeper Mary has been sunk in the North Sea by a mine.

MAY RAISE AGE LIMIT AT PONTIAC REFORMATORY

Governor Appoints Committee to Investigate Proposal.

Springfield, Ill., Nov. 5.—The advisability of excluding from the state reformatory at Pontiac boys under the age of 16 years and raising the age limit of first offenders committed to this institution from 21 to 25 years will be investigated by the following committee appointed today by Governor Dunne:

W. C. Graves, superintendent, Pontiac; Edmund M. Allen, warden state penitentiary, Joliet; W. V. Choiser, warden, Southern penitentiary, Menard; Judge A. J. Pettit, circuit court, Chicago; Judge W. E. Dever, and Judge John M. O'Connor, superior court, Chicago; Kent E. Keller, Ave; E. C. Curtiss Grant Park; Morton D. Hull, Chicago; Josh O. Hurby, Chicago; W. T. Davies, Jailer county jail, Chicago; John L. Whitman, superintendent house of correction, Chicago.

ease had quickly spread over several scattered counties in Illinois. Infected herds were found in Mount Sterling, Brown county; Aledo, Mercer county; Dwight, Livingston county; Plano, Kendall county; Big Rock, Sugar Grove and Kaneville, Kane county and Summit, Cook county. In Pennsylvania and Michigan the infected areas were reported to have become extended.

So far the government has taken no steps to interfere with the transportation of milk across state lines. The department of this hold that the disease is easily communicated to hogs through milk and even to human beings, particularly children. The policy now in force, however, is to leave to the local health authorities supervision over the milk supply to the various communities.

Disease Appears in Iowa.

Muscatine, Ia., Nov. 5.—Deputy State Veterinarian Trillie of Muscatine was today called to Parnell, Ia., where the foot and mouth disease has appeared. Seven farms have been placed under the most strict quarantine. Cattle and hogs are affected by the plague. State and federal officials have been summoned to Parnell for investigation and conference. It is possible that all live stock shipments out of the state may be forbidden.

No Official Notice Received.

East St. Louis, Ill., Nov. 5.—No official notice of an absolute quarantine on cattle has been received by officials of the National Stock Yards here late tonight. If the yards are ordered closed tomorrow it will be the first time since their opening in 1873.

A closing order will mean the cessation of business approximating \$7,500,000 a day at the local yards and more than 9,000 men will be thrown out of work temporarily.

SHERMAN MAJORITY REACHES 17,030

Returns from All Precincts
Outside Cook County Give
Him Plurality of 73,630

RUSSEL WINS BY 28,000

Returns from 57 of 101 Down-
State Counties Give Russel
28,000 Plurality Outside Cook

THE RESULTS IN OTHER STATES

Chicago, Nov. 5.—Lawrence Y. Sherman, Republican, was re-elected to the United States senate, defeating Roger C. Sullivan, his Democratic opponent by 17,030 votes. Complete returns tonight from all the precincts outside of Cook county (Chicago), gave Sherman a plurality of 73,630. The Democratic candidate carried Chicago and Cook county by 56,600 votes.

The following is the total unofficial vote:

Sullivan, Dem., state 211,687; Cook county 157,874. Total 369,561.

Sherman, Republican, state 285,317; Cook county 101,275. Total 386,592.

Raymond Robins, Progressive, state 110,564; Cook county, 87,039; total 197,603.

Robins, the Progressive candidate polled a little more than fifty per cent of the vote gathered by Col. Roosevelt. In 1912, although Roosevelt toured the state urging his election and he had the support of most of the Chicago newspapers.

It was conceded tonight that the Republicans had won most of the state officials. Andrew Russel, for state treasurer, ran about 13,000 votes behind the Democratic candidate in Cook county. Returns tonight from 57 of the 101 down-state counties gave Russel a plurality of 28,000 outside of Cook county and apparently assured his election.

The official canvass of the vote was started at once. Despite the apparently overwhelming figures, counsel for Sullivan insisted that the canvass would show big gains for their candidate but it was not expected to be enough to offset the Republican lead. Pronounced opposition to Sullivan by Secretary Bryan was believed to have cost him many votes in the state, in spite of the support of Postmaster General Burleson.

For Congressmen at Large.

Chicago, Nov. 5.—Returns from 55 out of 101 counties in Illinois outside of Cook county give a plurality of 19,500 to Chipperfield, Republican and 15,273 to Davis, Republican, for congressman at large.

Contests Still in Doubt.

New York, Nov. 5.—Senatorial contests still in doubt tonight were in Colorado, Nevada and Wisconsin. Democratic leaders still claimed the election of Charles S. Thomas over Hubert Work in Colorado and of Francis D. Newlands over Samuel Platt in Nevada. Republican leaders claimed the election of Francis E. McGovern over Paul A. Huston, Democrat, in Wisconsin, but through an error discovered late in the day in one of the Wisconsin counties an apparent majority for McGovern had been swept away, leaving the situation much in doubt.

The result in only one congressional district was undetermined tonight. In the First New York district, Frederick C. Hicks, Republican, and Representative Lathrop Brown were running on virtually even terms and the outcome probably will not be known until an official count is made.

Democrats Claim Ticket.

Lincoln, Neb., Nov. 5.—With the slight but steady gain by the head of the Democratic ticket, leaders at headquarters of that party were claiming the election of the entire state ticket along with Governor Morehead and figures at hand went to sustain this claim, although they are far from complete on a single office. On suffrage 635 precincts give 33,961 for and 36,596 against. This includes the total vote in ten counties.

Result Still in Doubt.

Carson, Nev., Nov. 5.—Who was elected United States senator in Nevada today must remain undetermined until the official canvass of the votes has been completed. With 182 out of 240 precincts reported tonight the vote stood: Francis G. Newlands, Democrat, 7,761; Samuel Platt, Republican, 7,649.

Requires Official Count.

Milwaukee, Wis., Nov. 5.—An official count of the votes cast in Wisconsin for United States senators appears tonight to be the only way of arriving at a definite conclusion as to whether Paul O. Houston, Democrat, or Governor Francis E. McGovern, Republican, has been elected United States senator to succeed Isaac Stevenson.

Unofficial returns received from every county in Wisconsin by the Milwaukee Journal gave Huston 122,315 and McGovern 120,769, or a plurality of 1,555 for Huston. Next Missouri Legislature "Dry." St. Louis, Nov. 5.—The next Missouri legislature will be dry, ac-

HAVE FULL SUFFRAGE IN ELEVEN STATES

WOMEN ALSO HAVE VOTE FOR CER-
TAIN OFFICES IN 22 OTHER STATES

Women Show Power at Polls in Chi-
cago by Electing Billings, Judge
of Municipal Court—Suffrage De-
feated in Ohio, Missouri, Nebraska
and North and South Dakota.

Chicago, Nov. 5.—Women now have full suffrage in eleven states and in the territory of Alaska, according to latest returns tonight from Tuesday's election which gave the franchise to women in Nevada and Montana.

In addition to the states now listed as granting full franchise to women, the sex has the right to vote for certain officers in 22 other states. In Illinois women may vote for all statutory offices, including presidential electors.

The eleven female suffrage states with the time of granting the franchise are: Wyoming, 1890; Colorado, 1893; Utah, 1895; Idaho 1897; Washington, 1901; California 1912; Arizona, 1902; Kansas, 1902; Oregon, 1902; Nevada, 1914; Montana, 1914.

The twenty-two states allowing partial suffrage to women are: Connecticut, Delaware, Florida, Iowa, Indiana, Illinois, Kentucky, Michigan, Massachusetts, Minnesota, Mississippi, Nebraska (defeated full suffrage Tuesday), New Hampshire, New Jersey, New Mexico, New York, North Dakota, Oklahoma, Ohio (defeated full suffrage in 1912 and on Tuesday), South Dakota, Vermont and Wisconsin.

Despite the claims of woman suffrage leaders that they won the vote in some of the other states which voted on the subject Tuesday late returns bear out early indications that the franchise was denied women in Ohio, Missouri, Nebraska, North and South Dakota.

The suffragist leaders asserted that women showed their power at the polls in Chicago by electing as judge of the municipal court, Chas. L. Billings, who introduced in the Illinois legislature the bill that gave women the right to vote for many of the offices in Illinois. Billings would have been defeated by the men's vote but was carried to victory by the women's ballots.

PRESIDENT WILSON CANCELS TODAY'S CABINET MEETING

Will Spend Next Few Days Golfing
and Motoring.

Washington, Nov. 5.—President Wilson wants a few days of rest. He has cancelled tomorrow's regular cabinet meeting and unless some emergency arises will see no callers until next Tuesday. In the meantime he will spend as much time as possible playing golf and taking automobile rides.

It was generally expected that the president would leave Washington for a short vacation, following the election but up to the present he has made no plans for going away, believing that he should remain here because of unsettled conditions in Europe and Mexico.

Mr. Wilson soon will begin to give consideration to the five appointments he is to make in December to the new trade commission. A number of Democratic members of congress who failed of re-election want positions on the commission. Representative Palmer, who was defeated for election to the senate from Pennsylvania and Commissioner of Corporations Davies are being prominently mentioned for the commission.

AMERICAN LEAGUE HEADS ARE IN FAVOR OF PEACE

Believe That Baseball War Can Be
Ended Only By the Absorption of
the Federal League.

Chicago, Nov. 5.—Club owners of the American League in their annual meeting here today, put themselves on record in favor of peace, but except for expressing their sentiments individually and informally they brought no nearer the end of the baseball war. The rumors that overtures had been made to the Federal League by the American through Frank Ardham, part owner of the ground on which the Federals play here, were denied by the magnates and the only discussion in the meeting of the situation in the baseball world, so far as the Federals effect it, lasted only half an hour. In that time every one of the eight clubs, through its representative, declared for peace but it was the general opinion that peace can be reached only by absorption of the Federal League, not through its recognition. "There is no room for a third league," they agreed, "and the elimination of the competing clubs in Chicago, St. Louis and Brooklyn must be included in any terms of truce."

As for the New York Club Frank

Parrell, its president arrived just as the meeting broke up and declared emphatically to the newspapermen that the Yankees are not for sale.

According to information received at

the office of the Missouri anti-saloon league and the leave will attempt to secure the passage of a law providing for precincts and ward local option in St. Louis.

CARRANZA OFFICIALS CLAIM TWENTY STATES

GENERAL VILLA DOMINATES STATES
IN NORTHWESTERN MEXICO

Northern Chieftain Has Decided Ad-
vantage in Position—Result of
Battle Near Aguas Calientes Is
Not Yet Known—Fighting Seems
Imminent at Sonora.

El Paso, Tex., Nov. 5.—Carranza officials claim twenty states out of the thirty-one states and territories in Mexico in the present conflict with the Villa factions which today resulted in actual conflict below Aguas Calientes. The result of the battle was not learned, but it is known strong forces have met almost at the city where a week ago an attempt was made to adjust peacefully the factional disagreement.

The state dominated by Villa form a solid block in the northwest, thus giving the northern chieftain a more advantageous position, especially in view of the border territory he controls and the ease with which war munitions can be shipped from the United States. The only exception to this is the state of Morelos, controlled largely by Zapata, whom the Villa faction claims, but whose troops the Carranza element asserts is controlled by neither side.

Rafael Muzquiz, the Carranza consul general to the United States received today an explanation of the action of the first chief in rejecting the nomination by the Aguas Calientes conference of Eulalio Gutierrez to serve as a provisional president for twenty days and of Carranza's presence at Puebla. The message was signed by Ysidro Fabella, Carranza's acting minister of foreign relations.

He named 12 states, the governors of which had recognized the Carranza central government in the present argument. Eight others previously had been heard from favorably, it was asserted.

Fabella's message said in part: "The first chief thought it well to make visits in the states of Puebla and Tlaxcala, remaining in this city, Puebla, because being here in Puebla, he received a message from the convention, informing him that General Eulalio Gutierrez had been made provisional president without the convention telling him, Carranza, whether or not the conditions which he had imposed upon his resignation had been fulfilled. These conditions were: fixing the form of government which shall carry out revolutionary ideals, making an effective retirement of Generals Villa and Zapata from command of their forces. Since these conditions have not been fulfilled and as the convention of Generals Villa and Carranza forces is still in effect, Carranza, president of the United States, has decided to carry out in the pre-constitutional period, the first chief cannot give up the power to any person designated by the convention with the conditions heretofore imposed having been fulfilled."

More Trouble at Sonora.

Douglas, Ariz., Nov. 5.—Renewal of the fighting between the Villa and Carranza forces in Sonora at Agua Prieta, just across the border and at Naco, seems imminent.

Following the reported clash at Magdalena today between a Villa detachment sent from Naco by General Hill and the Maytorena-Carranza advance guard, both sides openly prepared for attacks on Agua Prieta and Naco.

DUE TO NEGLIGENCE.

Raybolt, Ill., Nov. 5.—The explosion which caused the death of fifty-two men in the mine of the Franklin County Coal and Coke Co. near here several weeks ago was due to the negligence of a miner who crossed the examiner's danger mark and ignited with his lantern the gas in a condemned entry.

A report to this effect was made here today by a party of mine experts who have completed an investigation into the causes of the accident. R. B. Mitchell, manager of the mine and John Bolander, president of the state mining board were among the party.

NO WORD OF U. S. MARINES.

Washington, Nov. 5.—Neither the navy or the state department tonight had received any word of the reported landing of American marines at Beirut, Syria. Officials were inclined to be slow in crediting the report, though they admitted that it was entirely possible that the armored cruiser North Carolina, now in Beirut harbor had sent a detachment of marines ashore at the request of the American consul there.

WILL MAKE MANY CHANGES IN HOUSE

Dwindling of Democratic
Majority Will Force Gen-
eral Shifting of Work

LEADERSHIP CHANGES

Rep. Kitchin Will Claim Demo-
cratic Leadership in House,
Succeeding Rep. Underwood

MANN TO RETAIN G. O. P. HELM

Washington, Nov. 5.—Many changes in the organization of the house of representatives will be made when Champ Clark and "Uncle Joe" Cannon once more face each other across the center aisle at the beginning of the next congress. The dwindling of the Democratic majority which will drop after the close of the December session from 140 to 24, will necessitate a general shifting of the working order in the house.

With their slender majority the Democrats, while able to re-elect Speaker Clark and retain control of the committees will be forced to maintain an almost perfect organization. Even with a full attendance in the house, a shift of twelve votes would throw the control to the minority side. Practically complete returns tonight gave the Democrats 229, Republican 196, Progressives 7, Socialists 1, Independents 1, doubtful 1. This would give the Democrats a plurality of 33 over the Republicans and of 24 over the combined opposition.

This narrow margin probably will result in a rearrangement of the committee representation, the Democrats now holding overwhelming majorities in all of the standing committees. The falling off of the Progressives from 19 in the present house to 7, probably will cut down their committee representation materially and even may lose them the few important places they hold in the present house.

Changes in Leadership.

Democratic leadership in the house will undergo great changes. Representative Underwood, elected to the senate and will leave the house at the close of the December session. Representative Kitchin of North Carolina, the ranking Democrat on the ways and means committee will claim the Democratic leadership by right of seniority and is expected to have the support of southern Democrats generally. Representative Mann of Illinois undoubtedly will retain the Republican leadership, facing the Democrats with formidable support. His ranks will include besides Former Speaker Cannon, numerous other Republicans who have recaptured the places they lost in the 1912 campaign.

The election will vacate five of the fourteen Democratic places on the ways and means committee, which framed the Underwood tariff law. Representative Underwood goes to the senate. Representative Hammond was elected governor of Minnesota. Representative Mitchell of Massachusetts, who succeed Representative Peters on the committee when the latter became assistant secretary of the treasury was defeated at the polls. Representative Palmer of Pennsylvania surrendered his seat to run for the senate and was defeated and Representative Stanley of Kentucky sought the senatorial nomination in Kentucky and lost his place. Representative Murdock of Kansas, the Progressive leader and member of the committee lost his seat in an effort to go to the senate.

"WETS" AND "DRYS" BOTH CLAIM CONTROL OF NEXT LEGISLATURE

Each Side Asserts More Than 80
Members Have Pledged Them-
selves to Support Their Programs.

Chicago, Nov. 5.—The anti-saloon forces and the wets, represented by United societies for local self government disputed today, each insisting it would have control of the next state legislature. Each side said that more than 80 of the members of the assembly had pledged themselves to support their respective programs.

Working control of the senate.

Power to block any attempt of the opposition to repeal or block any measures of the drys.

Power to choose the speaker.

Underwood to the United States. Societies said they would have control of 88 votes in the assembly. Have twenty-seven votes in the senate.

Be able to block any legislation

found offensive to the society.

Republican leaders are claiming a good working majority of the lower house and talk now is over the choice of a speaker.

WOMAN'S DUTY IN THIS WORLD IS TO LOOK BEAUTIFUL. ADD TO YOUR NATURAL CHARMS THE FASCINATION OF GLITTERING JEWELRY. IT WILL YIELD PLEASURE TO YOURSELF AND A GREAT DELIGHT TO OTHERS. GAMMA DELTA SOCIETY IS BEGINNING PROSPEROUS YEAR

Illinois College Literary Organization Soon to Occupy New Quarters in Beecher Hall—Officers for Year and New Members.

Gamma Delta society is refitting the second story room in Beecher Hall formerly occupied by the Young Men's Christian association, and these improvements when completed will give the young women much better quarters for literary society meetings than they had in Whipple academy. A number from among the best young women, students of the institution have recently been received into membership and the year for Gamma Delta promises to be a prosperous one indeed.

The officers for the year are:
President—Miss Ruth Brown, Modesto.
Secretary—Miss Irene Moore, Nashville.
Treasurer—Miss Beulah Ennis, Petersburg.

At the last regular meeting the following were voted into membership: Misses Ruth Chipchase, Stella Salverson, Helen Sneed and Ruth Badger, and at a meeting previous to this there were added, Misses Ruth Collins, Emily Nine, Miriam Candee and Miriam Akers.

Features of the program at the meeting last week were readings by Miss Edith Painter, "The Cat and the Canary", and by Miss Beulah Ennis, "The Butterfly That Stamped."

ARTISTS' COURSE ANNOUNCEMENT.

Season tickets on sale for the Artists' Course at Illinois Woman's College. On sale Saturday, November 7th, at Brown's Music Store. First number on the course voice recital by Helen Brown Read, Tuesday evening, November 10th. Tickets for the entire course \$2.50.

A SALOONLESS NATION.

"A Saloonless Nation by 1920" will be the sermon subject Sunday evening at Central Christian church. This is the slogan of the endeavor societies of the state of Illinois and in recognition of the event Sunday the Central church Y. P. S. C. E. plan to attend the service in a body, immediately following their own meeting, which begins at 6:30 o'clock and dismisses shortly before 7:30 o'clock. Plans for the foregoing were discussed at the November executive meeting of the society, held in the church parlors Thursday evening. Further plans were announced for the lecture next Wednesday night, when an address will be made by the celebrated entertainer, Clyde Poulter.

SEATS NOW ON SALE AT OPERA HOUSE BOX OFFICE FOR ELKS' ENTERTAINMENT MONDAY.

MRS. MILLIGA LEAVES.
Mrs. A. Milligan, who has been conducting the Butterick Dress Making school at Hillier's Dry Goods store, entertained the sixty ladies who have been taking the course at her rooms on West State street Wednesday evening. The evening was very enjoyably spent. Mrs. Milligan made many friends while here and her school was popular. She left Thursday afternoon for Quincy, where she will conduct a similar school.

Delegates at Closing Session of W. H. M. S. Illinois Conference Hear Interesting Address by Mrs. Cotton Mather—Officers for Year Elected—Meet Next in Mattoon.

What the Woman's Home Missionary society is doing to spread the gospel, alleviate suffering and make of America more nearly a Christian nation, was the theme of Mrs. Cotton Mather, Pt. Collins, Colo., at the closing session of the twenty-ninth annual convention of the organization Thursday evening at Grace M. E. church. Through out the day the delegates were occupied with reports of district officers and the election of officers for the coming year. At 4:30 o'clock the women were furnished a chartered street car and enjoyed visits to the School for the Deaf and the Illinois Woman's college.

For home missionary work, Mrs. Mather said, there are four great motives. The patriotic motive, or love of country; domestic, or love of home; altruistic, love of others; and the personal motive or love of Christ.

The Need for Missions.

"For us women of America it is hard to realize the great necessity for home missionary activity. A Chinaman across the waters seems far more worth saving than the Chinese laundryman at home. A subject of King Emmanuel at home is a picturesque Italian; in America he is a dirty Dago. One out of nine Americans is a negro, one out of fourteen is a Pole and one out of twenty-four is a Russian. The more I look the field over the more I realize the truth of Bishop Wilson's saying that New York City, the metropolis of Christian America, is the greatest mission field in all the world.

"And the work of the home society is no less varied than that of the foreign missionary organization. The Woman's Home Missionary society of the Methodist church labors among thirty-seven nationalities in the United States. The corresponding foreign missionary organization works among thirty-eight nationalities abroad. In the United States there are seventy-four heathen temples. In Seattle there is a Buddhist temple, with whose priest I had a talk and whose communicants number six hundred. Kansas City, Kan., is the largest Croatian city in the union, and so could examples be multiplied, showing how great is the need for labor in this so-called Christian country.

Southern Illiteracy.

"In the Southland the Woman's Home Missionary society is doing all it can to enlighten the people, turn darkness into light, and draw back the veil of ignorance in which so many are enshrouded. It seeks to lessen the enormous child labor evil, a system which stunts and dwarfs the growth of 2,500,000 American boys and girls. In the state of Kansas there are six out of a thousand who can not read nor write. In this field there is untold work for Christian womanhood of the nation.

Mrs. Mather spoke of the good work being done by various immigration homes and told touching incidents of mothers and wives saved from untimely deportation. She spoke of the work in Alaska, the real west of the United States. Mormonism came in for discussion as did the liquor traffic, the monster which every two days takes down more young men and boys than lost their lives on the Titanic two years ago.

The music at the evening service was in charge of Prof. Sterns, director of music at the Illinois Woman's college. The Rev. T. A. Agnew led the devotionals. At the conclusion of the meeting the president of the meeting announced the inability of Miss May Lambert to fill the duties of mite box secretary on account of other duties in the young people's work and it was decided to leave the matter to the executive.

The New Officers.

At a business session earlier in the day the following officers for the year were selected:

President—Mrs. H. L. Haywood of Pana.
First vice president—Mrs. H. B. Lawton of Bloomington.
Second vice president—Mrs. S. A. Bullard of Springfield.
Corresponding secretary—Mrs. J. F. McAnally of Buffalo.
Recording secretary—Mrs. D. F. Pawcett of Springfield.
Treasurer—Mrs. E. J. Strador of Decatur.

Supply secretary—Mrs. S. L. Payne of Decatur.
Secretary of Young People's work—Miss Elsie Morris of Paris.
Secretary of Home Guards and Mother's Jewels—Miss Aileen Day of Mowcaqua.

Secretary of Systematic Beneficence—Mrs. R. F. McDaniel of Decatur.

Secretary of Reading Circle and Literature—Mrs. C. C. Kagey of Tuscola.

Secretary of Temperance—Mrs. S. E. King of Decatur.

Mrs. S. A. Bullard of Springfield, who was elected second vice president, had for fourteen years been corresponding secretary and in recognition of her services she was made corresponding secretary emerita, an office especially created, and given a bouquet containing fourteen large white chrysanthemums. Mrs. I. A. Love, president of the Danville district society, made the speech of presentation.

Meet Next in Mattoon.
On report of a special committee at the afternoon session Mattoon was fixed upon as the next place of meeting. Mrs. Charles Hopper read resolutions expressing the best

wishes of the local society and Mrs. E. J. Strader brought in the finding for the place of meeting. Mrs. Tobey read the resolutions of appreciation of hospitality shown the delegates in Jacksonville.

Mrs. H. L. Haywood of Pana in an address at the afternoon session told of the national convention in Syracuse, N. Y., Oct. 21-23. "Invest in Young Life," was the keynote of a talk at this time by Mrs. Mather. News of the Cunningham Orphan's Home was brought by Mrs. X. M. Fowler of Urbana.

OPPOSES VACCINATION.

Zion City, Ill., Nov. 5.—Wilbur Gleen Voliva, successor to Alexander Dowle as head of the Christian Catholic Apostolic church of Zion today threatened expulsion from the church for any member who submitted to vaccination in the present campaign by the state health department against small pox here.

A reward of \$1 for each case was offered to anyone acting as informer and giving him the name of any member of the church who was vaccinated.

Most of the employees of the lace factory submitted to vaccination during the day.

SERIOUS FOREST FIRES.

Belvidere, N. J., Nov. 5.—Serious forest fires are burning over thousands of acres in Sussex, Middlesex, Warren and Burlington counties. Hundreds of farmers were drafted into fire fighting service today to aid volunteers and the firemen of various towns. In Warren and Sussex counties the situation became so serious that farmers were offered thirty cents an hour for their services and were warned they would be fined \$10 each if they failed to respond.

Many homes in outlying sections are threatened with destruction and a strong wind is carrying the flames toward Blairstown, where the residents have become alarmed.

LITTLE CHANGE IN PLURALITIES.

Des Moines, Ia., Nov. 5.—The pluralities of Senator A. B. Cummins and Governor George W. Clarke, Republicans, remained at approximately 40,000 and 25,000 tonight, with most of the precincts in the state heard from.

CHAPIN.

A number from vicinity of Chapin and adjoining neighborhoods attended the barbecue in Jacksonville and report an excellent time.

Orville Dickens with several gentlemen friends went to Mercedia in his Overland car on Halloween eve.

Mr. and Mrs. C. R. Negensch were pleasantly surprised on Halloween by a party of friends. The evening was spent in dancing with good music and a jolly time.

Miss Rena Pond spent Saturday with home folks at Mercedia attending a social given by the High school Saturday evening. They returned home Sunday.

Dewey Brockhouse had the misfortune to be kicked by a mule Sunday morning. He is suffering quite seriously, the mule having planted its feet in his left side. Dr. J. H. Fountain is in attendance. His many friends wish for him a speedy recovery.

A number from Chapin attended the ball game at Bluffs Sunday. Alpha Anderson and family spent Saturday in Jacksonville.

Mrs. Geo. Antrobus and son, Geo. Thomas, spent Sunday at the rural home of Mr. and Mrs. James Wallace.

Mr. and Mrs. Willie Graubner of Jacksonville spent Sunday at the home of her parents, Mr. and Mrs. Geo. Brockhouse.

A protracted meeting began at the Christian church Sunday evening, with fine roads and fine nights it will surely be well attended.

Miss Hartwick is spending a few days with her cousin, Mrs. Wm. Fisher.

Miss Orena Unken entertained friends at home on Thursday eve. Those present were John Drake, Wm. Anderson, Edwin Eckoff, French Anderson, Fletcher Mathers, Albert Jorging, Misses Eda Eckoff, Eva Anderson and Pearl Hughes. The evening was pleasantly spent with music and conversation.

JULIA ARTHUR ACTS FOR RED CROSS.

Boston, Mass., Nov. 5.—Miss Julia Arthur, after an absence of some years from the stage, returns to the footlights tomorrow night at the Boston Theatre, in Thomas Bailey Aldrich's drama "Mercedes." The performance is for the benefit of the Red Cross Ambulance Hospital in Paris.

HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours.

Your cold will break and all gripe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Advertisement.

MURRAYVILLE BUSINESS MEN ARE ORGANIZED FOR WORK

Association Holds Monthly Meetings to Consider Matters Relating to the Interest of the Town—Committees Have Work Divided.

The Farmers' Institute at Murrayville yesterday was arranged for by the rural affairs committee of the Murrayville Business Men's association. This association by the way was organized last July and the members have taken quite an active interest in the affairs of that community ever since. The general work of the organization is in charge of the officers and the various committees. The president is Harry Cade; vice president, W. T. Cook; treasurer, J. L. Wyatt and secretary, Warren Wright. The directors are W. B. Wright, J. H. Dial, T. N. Bush, J. E. Osborne, S. F. Sooy, John A. Carlson, Dr. J. H. Spencer, John Wareup and J. H. Fuller.

Dr. J. H. Spencer is chairman of the committee on public affairs and other members are Josie Dunaway and George Brewbaker. Questions of municipal affairs, light sewers, utilities, etc., are referred to them. Question of agricultural development, roads, etc., are referred to the rural affairs committee which consists of J. E. Osborne, chairman; C. Justus Wright and R. D. Mawson. S. F. Sooy is chairman of the department of retail merchants and the other members are J. A. Carlson and J. E. Thompson. Questions of credit, rating, excursions, etc., are referred to them. The committee on finances consists of W. B. Wright, chairman; H. E. Million and W. T. Cook. There is still one other committee, that of promotion and the members are J. H. Fuller, chairman; Charles Wright and Dr. W. A. Wesner.

Monthly meetings of the association are held and special meetings whenever any matters of interest require attention. The list of members includes the following:
Frank Sooy, W. A. Wesner, T. N. Bush, Fred Stossiger, J. W. Fanning, Jay Millard, J. E. Thompson, Chas. Wright, W. B. Wright, J. L. Dunaway, J. H. Spencer, H. B. Gunn, J. H. Dial, J. K. Cunningham, Harry Cade, J. H. Million, Arthur Seymour, J. H. Fuller, J. L. Wyatt, C. T. Daniel, W. E. Wright, R. D. Mawson, C. E. Waters, W. T. Cook, J. A. Carlson, John Wild, Noah Ornelias, Jr., Roy Clark, J. E. Osborne, C. J. Wright, W. O. Beadles, Geo. Brewbaker, John Wareup, J. T. Wild.

HERE are some statistics gathered from the records of the Cigar Makers International Union. They are interesting at this time. They show the effects of the economic organization, which uses this label.

In 1890, 49 per cent of the amount expended for sick benefit went to those suffering from tuberculosis.

In 1910 the total amount expended for sick benefits was \$189,438.59, of which amount about 21 5-10 per cent, or \$40,729.30, was paid to members suffering from tuberculosis.

In 1911 the total expended for sick benefit amounted to \$201,296.03, of which amount 20 1-10 per cent, or \$40,460.50, was paid to members suffering from tuberculosis. This shows a reduction of 28 9-10 per cent in 21 years.

These figures are based on a general average, while as a matter of fact, those suffering from tuberculosis are more generally sick, and hence more liable to draw sick benefit, so that the average amount is necessarily and reasonably not fully covered in the figures given.

JACKSONVILLE, ILL.

CLUB WOMEN IN ANNUAL MEETING

THREE DAYS PROGRAM IS ARRANGED.

Illinois Federation of Women's Clubs Will Meet in Springfield November 10-13—Rev. M. L. Pontius Among Speakers.

The program for the twentieth annual meeting of the Illinois Federation of Women's clubs, which will be held at Springfield November 10-13, is completed and a most interesting meeting is planned. The headquarters will be in the building of the Young Woman's (Christian) association and all sessions of the convention will be held in the house of representatives at the state house.

Interesting Program.
The evening preceding the opening of the convention a complimentary concert will be given by the Amateur Musical club in the First Christian church.

The convention will be formally called to order Tuesday morning, November 10, at 9 o'clock by the president, Mrs. Frederick A. Dow. An invocation will be offered by Right Rev. E. W. Osborne, the audience will sing "Illinois" and the address of welcome will be given by Governor Edward F. Dunne and Mrs. C. C. Brown, president of the Springfield Woman's club. The response will be given by Mrs. Frederick A. Dow. The remainder of the morning session will be given to the reports of officers, the chairman of the local board, Mrs. George T. Palmer, and the business committees, followed by the biennial convention of general federation reports.

Tuesday afternoon will open with a report of the committee on rules and regulations, followed by the report of the revision committee. Mrs. George W. Plummer, chairman. The chairman of the department of household economics and pure food Mrs. Henry A. Morgan chairman, will give a report, and present Mrs. Helen Ruggles, who will speak on "The Economy of Knowing How." The vice-president-at-large, Mrs. Albert Watson, will preside over the district vice-presidents' session for the next hour. The topic for discussion will be "Suggestions to My Successor," and responses will be given by Mrs. R. L. Pennington, Mrs. Thomas Hickey, Mrs. Charles Zimmerman, Mrs. Alma E. Schelain, Mrs. John Harner Long, Mrs. E. C. Page, Mrs. J. T. Fahey, Mrs. A. B. Macill, Mrs. D. E. Styles, Mrs. C. E. Smoot, Mrs. L. C. Haynes and Mrs. Morris Blaker.

Governor's Reception.
Tuesday evening the Governor and Mrs. Dunne will receive the delegates and visitors at the executive mansion.

Wednesday morning following the business meeting and nomination for president, corresponding secretary and general federation state secretary the report of the committees will be heard.

Wednesday afternoon the department of industrial and social conditions and the civic department will have a joint session. Judge Hugo Pam of Chicago, will give an address, "The Cornerstone of Democracy—The People's Club House and Social Center." Mrs. Frederick W. Block, chairman of conservation, will follow with her report and present Mr. Wilhelm Miller of the University of Illinois, who will lecture on "Landscape Gardening Along the Lincoln Way," illustrated by stereopticon.

Wednesday evening Rev. Myron L. Pontius of Jacksonville, will address the convention on "The Challenge of the New Age." Special music will be given.

Thursday morning following the election of officers and general business reports will be given from various departments.

Closing Days.
Thursday afternoon the convention will have the honor of hearing greetings from Mrs. Francis D. Everett, director G. F. W. C.; Mrs. W. R. Chivvis, president Missouri Federation, and Mrs. J. D. Sherman, chairman conservation department, G. F. W. C.

Thursday evening will be given over to the department of literature and reciprocity. Mrs. G. T. Palmer chairman. A splendid program of music will be given and the following artists will appear: Mr. Nicholas Vachel Lindsay, Springfield; Mrs. Mabel Church Van Alstyne, Boston-Chicago, and a chorus of women's voices will sing, with orchestra accompaniment under the direction of Mrs. J. H. Holbrook, of Springfield.

Friday morning, after the regular business and announcements of election, final reports will be given.

At 1 o'clock Friday afternoon an automobile ride to Lincoln's home and to his monument at Oakridge will be given the guests. The ride will be over in time to catch trains returning home.

ARTISTS' COURSE ANNOUNCEMENT.

Season tickets on sale for the Artists' Course at Illinois Woman's College. On sale Saturday, November 14, at Brown's Music Store. First number on the course voice recital by Helen Brown Read, Tuesday evening, November 10th. Tickets for the entire course \$2.50.

ROBERT WISWELL ARRESTED ON BOOTLEGGING CHARGE

Found in the Act of Selling Whiskey by Sheriff W. B. Rogers.—Wet Goods Found in Vacant Part of House.

Robert Wiswell of Mauvalster street, was arrested Thursday night at six o'clock by Sheriff W. B. Rogers. Wiswell was in the act of selling whiskey to Willie Gray, when the officer, who was only ten feet away, saw the liquor being handed over and the money received. He put Wiswell under arrest and locked him up in the county jail.

A visit to the place where Wiswell resided, disclosed the present headquarters in the basement of a vacant part of the house. There was a half gallon jug with a small quantity of liquor in it and a suit case which had just recently been emptied of wet goods, excepting one pint.

At first Mr. Wiswell denied that he was bootlegging, but later confessed, saying that he had only been at it for two days. He has recently returned from the Philippine Islands where he served in the U. S. army. Information will be filed against him today.

NOTICE

The public is invited to see Spillman's imported and registered show colts, Nov. 7th, 44 North Side Square.

RE-ELECTED PROBATE JUDGE.

In the recent election Judge Chas. W. Holtcamp was re-elected as probate judge at St. Louis. Judge Holtcamp has a number of friends in Jacksonville. He was a former student of Illinois college, being here in 1878-80.

SOCIAL AT CENTENARY.

The Epworth League of Centenary M. E. church will have a social tonight at the church. It will be a "Get-Together" meeting and members and friends are invited to attend.

STORY OF SEA FIGHT OFF CHILEAN COAST

DETAILS OF IMPORTANT BAT-
TLE OF PRESENT WAR.Bravery of Britishers in Uneven
Contest Commended by German
Officers—British Ships Handi-
capped by Heavy Weather.Valparaiso, Chile, Nov. 5.—A
wireless cry from the British cruiser
Glasgow—intercepted by the
German victors—was the last word
received from Rear Admiral Crad-
dock's squadron following the en-
gagement off the Chilean coast Sun-
day.The Germans saw the Monmouth
sink and heard an explosion on
board the Good Hope that they be-
lieve sent the crippled flagship to
the bottom. All that night the Ger-
man cruiser Nürnberg searched the
seas unsuccessfully for the Good
Hope. They picked up a radiogram
directed to the flagship by the
Glasgow. There was no reply.There were about 650 men on the
Monmouth when she disappeared
beneath the waves. Admiral Crad-
dock had 900 men with him on
board the Good Hope.Whether the Glasgow and the
transport Otranto, which escaped
destruction survived, the damage is
not known. The whereabouts also
of the German cruisers Leipzig and
Bremen remains in doubt.Further details of the first im-
portant naval battle of the war be-
came known from statements made
by the German officers. The latter
did not hesitate to commend the
bravery of the Britishers in the un-
even combat and intimated that an
effort to save lives would have been
made if the weather had permitted.The engagement was fought in
the teeth of a northerly that as-
sumed almost hurricane propor-
tions. Small boats could not live
in the sea. The heavy weather mili-
tated against the larger ships, and
the Good Hope found her guns al-
most useless because of the ship's
roll.The German China fleet, the
cruisers Scharnhorst, Gneisenau and
the Nürnberg, had rejoined the
cruisers Leipzig and Bremen which
later had been detached to patrol
the coast north of Valparaiso. The
unit proceeded southward appar-
ently well aware of the rendezvous
of the British off Concepcion Bay.
At the same time the British cruisers
Monmouth and Glasgow accom-
panied by the transport Otranto,
moved north to meet the flagship
Good Hope. The Britishers evi-
dently were not aware of the prox-
imity of the Germans and they met
off Coronel.It was 6 o'clock Sunday when the
Germans sighted the three British
ships. The latter attempted to al-
ter their course evidently with an
intention to approach the coast and
gain territorial waters and to avoid
the Germans. The Germans how-
ever headed them off and forced
the battle.At the moment that the German
guns were coming at full speed, the
Britishers were in a position to
manage to join the other British ships.
The Britishers had come about and
the two squadrons sailed southward
in parallel lines, the Germans being
nearer the coast.Gradually the two lines came
nearer to each other and the Scharn-
horst and Gneisenau simultaneously
let go their twelve 8-inch guns
which were concentrated on the
Good Hope. The firing continued
for several minutes, without dam-
age. The German shots fell short
and she could not reply. The smaller
cruisers were far out of range.Slowly the sea fighters drew in
nearer and when the two units
were but 6,000 yards apart the
Good Hope fired her two 9-inch
guns. She was still unable to use
her eight 6-inch guns which were
on the gun deck so near the water
line that as the vessel rolled they
were almost awash. A terrible
broadside from the Scharnhorst and
Gneisenau crippled the British flag-
ship, and her engines stopped. The
ship and her engines stopped. The
Monmouth, recognizing the distress
of her companion, made a dash to
cover the Good Hope but by that
time the distance separating the two
squadrons had been reduced to 5,000
yards and the Germans were able
to bring all their ships into action
and to use all the guns of the five
vessels. These were directed first
against the Monmouth, Glasgow and
Otranto. The Otranto, badly dam-
aged, escaped in the gathering dark-
ness and soon afterwards was fol-
lowed by the Glasgow which also
had been put out of action but con-
tinued apparently seaworthy.The five German ships continued
their attack on the Monmouth and
Good Hope until in a few minutes
the former sunk. By this time only
4,500 yards separated the fighters.The Good Hope badly damaged,
hung on until an explosion occurred
on board her. She withdrew to the
westward at 7:03 o'clock. As she
disappeared flames were seen leap-
ing from her. Her fate is not
known. The flames died down and
she was not seen again.The Nürnberg searched until day-
break for the wounded ship when
the German officers concluded that
she had been lost with all her crew.
The only trace found of the Brit-
ishers was in the wireless message
in which the Glasgow called un-
successfully for the flagship.It was impossible to save any
of the crew from the Monmouth.Turks Attack Cossack Battalion.
Berlin, via the Hague and Lon-
don, Nov. 5.—The Constantinople
correspondent of Frankfurter Zeit-
ung has sent the following despatch
to his paper:"The Turks attacked and destroy-
ed a Cossack battalion on the Rus-
so-Turkish frontier near Ordulla and
then crossed the frontier, taking upa strong position in Russian terri-
tory."Believe Glasgow Escaped.
Valparaiso, Chile, Nov. 5.—It is
learned that the British cruiser
Glasgow and the transport Otranto
escaped after the naval engagement
with the Germans off the Chilean
coast Sunday. Wireless messages
from the Glasgow calling for the
British cruiser Good Hope were in-
tercepted. The latter did not reply.
It is believed that the Good Hope
and the British cruiser Monmouth
with their total crews were lost.
The whereabouts of the German
cruisers Leipzig and Bremen are not
known.Statement from Germany.
Berlin, Nov. 5.—via London.—
The German general headquarters
issued this statement today.Yesterday the Belgians assisted
by British and French troops, made
a fierce attack by way of Nieuport
between the sea and the inundations
but they were easily repulsed.
"Near Ypres, southwest of Lille
and south of Berry-au-Bac, in the
Argonne region and in the Vosges
our attacks are progressing. In the
eastern theatre of war there have
been no material events."Paris, Nov. 5.—4:35 p. m.—The
Temps has received a report stating
that American marines have been
landed at Beirut, Syria, for the pro-
tection of American interests.French Communication.
Paris, Nov. 5.—The following of-
ficial communication was issued at
the war office today."There is no information on the
operations at the North of Lys.
"In a violent offensive movement
by the Germans north of Arras we
lost a few trenches which later
were retaken.""In the Argonne region of St. Hu-
bert all the German attacks have
been successfully repulsed."Concerning the remainder of the
battle front there is nothing of im-
portance to report."

Turkish Official Statement.

Amsterdam, via London, Nov. 5.
—The following Turkish official
statement is contained in a des-
patch from Constantinople:"The Russians are now strength-
ening their position near the fron-
tier but have been repulsed com-
pletely from the Karaklissa and Tee-
han districts.""During the bombardment at the
entrance to the Dardanelles the hos-
tile fleet fired 240 shells without
causing material damage. Our
forts fired only ten shots."

Forced to Run on Rocks.

London, Nov. 5.—The hospital
ship Rohilla which was recently
wrecked off the Yorkshire coast with
a large number of casualties was
struck by a mine and so badly in-
jured that her captain was forced
to run her onto the rocks in order
to escape sinking at sea. Captain
Wilson, the commander of the Ro-
hilla, gave testimony to this effect
at an inquest held today.This was the first hint that the
hospital ship had struck a mine. It
had been generally understood that
the vessel merely got off her course
near Whitby and piled on the rocks.

Captured by British Cruiser.

Queenstown, via London, Nov.
5.—The German sailing ship, Mel-
pomene, which sailed from Tocopila,
Chile, July 8, laden with nitrates
was towed into Queenstown today
by a British cruiser which had cap-
tured her.Captain Ingelman said neither he
nor his crew had heard that a war
was in progress.

Pacific Cable Re-opened.

Vancouver, B. C., Nov. 5.—The
Pacific cable which connects Canada
with Australia was reopened today.
It was put out of business Septem-
ber 7th when the German cruiser
Nürnberg, sailed up to Fanning Is-
land flying a French flag and ac-
companied by a collier.

Official Statement.

London, Nov. 5.—An official
statement issued here tonight says
that Persia has presented to all the
powers a note announcing her strict
neutrality.The statement says that Persia
"now that the conflagration has ex-
tended to her territory," has re-
newed her assurance of strict neu-
trality and has asked for the good
offices of Great Britain to prevent
"the neutral soil of Persia from be-
coming a theatre of war."

A Hint for Coming Maternity

In a little book designed for expectant
mothers more complete instruction is
given in the use of "Mother's Friend."
This is an external embrocation applied
to the abdominal muscles for the purpose
of reducing the strain on ligaments, cords
and tendons.In thus bringing relief and avoiding
pain great good is accomplished. It
serves to ease the mind, indirectly has a
most beneficial effect upon the nervous
system and thousands of women have
delightfully told how they were free of
nausea, had no morning sickness and
went through the ordeal with most re-
markable success. "Mother's Friend" has
been growing in popular favor for more
than forty years. In almost every com-
munity are grandmothers who used it
themselves, their daughters have used it
and they certainly must know what a
blessing it is when they recommend it
so warmly.It is certainly a most helpful influence
for its effect in avoiding all unnecessary
pain, enabling the muscles to expand
and to relax naturally when baby
arrives. Strictly an external application
it has no other effect than to ease the
muscles, cords, tendons and ligaments
involved hence is perfectly safe to use by
all women. It is used very successfully
to prevent caking of breasts."Mother's Friend" is prepared in the
laboratory of Bradford Regulator Co.,
504 Lamar Bldg., Atlanta, Ga.
It should be remembered that what is
said of "Mother's Friend" is the thought
expressed by the thousands of women
who have successfully used it and recom-
mended it through two generations."GETS-IT," 2 Drops,
Corn Vanishes!

The Only Sure Ender of All Corns.

Desperate, are you, over trying to
get rid of corns? Quit using old
formulas under new names, bandages,
winding-tapes and cotton rings that
make a fat little package out of yourThis is the Grip of the Happy, Cornless
Foot of "GETS-IT."
Quit punishing your feet by
using toe-cutting knives and ointments.
To use knives, files, scissors and
razors, slicing and hacking at a corn,
only make it grow faster and bigger.
It also brings danger of bleeding
and blood poisoning. The new way, the
new principle never known before in
corn-history, is "GETS-IT." It's a
liquid—2 drops on a corn does the
work. Pain goes, the corn begins to
shrink and out it comes! You apply it
in two seconds. Nothing to stick,
nothing to hurt, and it never fails.
Try "GETS-IT" tonight on corns, cal-
luses, warts or bunions."GETS-IT" is sold by druggists
everywhere, 25c a bottle, or sent di-
rect by E. Lawrence & Co., Chicago.Sold in Jacksonville by Arm-
strong's Drug Co.—J. A. Obermeyer.

HUMILITY

Oh, why he swollen up and cheery, because, forsooth, we're half
way great? And why he insolent and tony with people of a low ex-
tra? A little fame, a little honor, is more than
some cheap men can stand; a little taffy from
the fawner, and they swell up to beat the band. Look back
k, my friend, one generation, and note the great men
who flourished then, believing, in self-admiration,
they far outclassed their fellow men; the heroes of a passing day,
and now they're dead and all forgotten, their grave-
stones falling in decay. A little while in awe we
wondered, a little while we gaped and stared; in
little while they pawed and thundered, and then
they died—and no one cared. We stand beside the
marble slutter that hides the dead, once bold and
free: "Here sleeps the mighty Jones," we mutter, and
someone answers, "Who was he?" Ah, many a fel-
low, fairly clever, is ruined by a slice of fame; he
thinks the fickle world forever will cherish and adore his name; and
so in majesty he poses, until the people, sick and tired, start throwing
rocks instead of roses, and see him through the transom fired.Copyright, 1914 by

CIVIL SERVICE COMMISSION ANNOUNCES EXAMINATIONS

Will be Held at Various Institutions Dec. 5th—List Longer than Usual.

The State Civil Service Commission has announced an unusually long list of examinations to be held December 5. As has been the case every month recently, many of these positions pay good salaries, and vacancies now exist. Examinations will be held for the following places paying \$100 a month or more at the beginning, with one to six positions to be filled:

Assistant State Deportation agent—\$150 a month.
Live Stock Inspector—\$125.
Chief Industrial Examiner—\$125.
Securities Supervisor—\$125.
Inspector of Private Employment Agencies—\$100.

Unassembled examinations will be held for Driver and Chauffeur, paying respectively \$30 and \$60 a month with board, lodging and ordinary washing. Questions will be mailed directly to applicants to save them the trouble and expense of assembling at examination centers.

An examination expected to attract many applicants is that for Grain Helper, paying \$75 per month. Examinations for Electrician paying \$60 a month and maintenance will be held at Joliet and Watertown to fill vacancies at those places. The commission has heretofore been unable to get candidates for Trained Nurse, paying \$40 and maintenance, so the examination for that position, December 5, will be open to non-residents of Illinois. Another effort is also being made to secure Female Attendants for the Insane Hospitals; the examination is exceedingly easy to pass, but the pay of \$20 per month and maintenance does not secure the help needed. An examination for Domestic, paying \$20 and maintenance, will be the first held for several months. Examinations will also be held for Florist and Baker, paying respectively \$40 and \$50 a month with maintenance.

Further information and the necessary blanks can be secured from the Commission at Springfield.

MILLIONAIRE'S SON

FACES MURDER TRIAL.
Albany, N. Y., Nov. 5.—Malcolm Gifford, Jr., the 19 year old son of a wealthy manufacturer of Hudson, N. Y., will probably be retried here on the charge of killing Frank J. Clute, a chauffeur, on April 1, 1913. The case is expected to be set for this month's term of court. Gifford was tried early in the summer, but the jury disagreed.

Young Gifford, who was released a few weeks ago from the Albany penitentiary on bail, is recovering his health, and his friends state he has been sent to a private school. Clute was shot to death while driving an unidentified man to Troy from here. The passenger shot Clute in the back of the head, robbed him, threw his body into a ditch and fled. The slayer was known to have worn a gray overcoat and a light fedora hat.

On the same night, April 1, 1913, Gifford, who had been expelled from a private school a month before, but had never gone home, left the house of a friend in Troy, ostensibly to attend a dance. He was garbed in a dress suit, a gray overcoat and a light fedora hat, it is said. But instead of going to the dance immediately, he disappeared. Gifford later appeared at the dance. Witnesses, who testified before the grand jury stated that his clothing was soiled. The next day, it was testified, the youth put his overcoat in one friend's suit case, his hat in another, borrowed a cap and left for home.

The police found Gifford at Chatham, Mass., and brought him here to answer the charge. His parents were unaware of his predicament until his arrest. The boy bore a good reputation in Hudson, and a great deal of sympathy is manifested for his parents.

ONE-YEAR-OLD BABY

SUPPORTS PARENTS

Philadelphia, Nov. 5.—It's a clever baby that can support its father and mother, but this is exactly what 1-year-old Marie Palmer of 2119 Toronto street, has been doing since she was 6 weeks old. Marie's dimples attracted the moving picture men, and her first appearance before the camera was as a cannibal's child. She was paid three dollars a day, the job is still running. She has been rescued by heroes and heroines of the movies from fires, drowning, auto smashes, train wrecks and other perils dear to the heart of the scenario writer. She has been "trapped" in nearly a hundred "burning buildings" without so much as having her clothes singed.

But little Marie has always taken her role with good grace, in fact she displayed little interest in the excitement, being content to smile and coo. The only real danger she ever experienced was the danger of losing her job, for one fine day while a comedian was reciting his story, and little Marie was supposed to be an interesting listener, she decided to take a nap, and the camera man failed to notice it, which all resulted in a retaking of the film and consequent scowls from the manager. The "little actress" is very modest. In fact, she refuses to be interviewed, which is strange conduct in an actress.

MUNSTERBERG AT MILWAUKEE.

Milwaukee, Wis., Nov. 5.—Professor Hugo Munsterberg of Harvard, the central figure in the recent Harvard ten million dollar hoax is the principal speaker at the annual convention of the Wisconsin Teachers' Association, which opened here this morning. Miss Jane Adams of Chicago is also slated to speak during the three-day meeting. President Van Hise of the State University is also to deliver an address, and other educators will discuss school subjects.

ern frontier, where any German initiative becomes more hazardous.

The ordinary fresh yearly Russian contingents mean an increase of a half million men.

"The arrangements for the wound and provide, if necessary for over a million."

Effect of War on Chinese.

New York, Nov. 5.—An indication of the effect of the European war on the Chinese people is contained in an announcement which Dr. Jeremiah W. Jenks of New York University, director of the Far Eastern bureau said today he received from "well informed and reliable sources." The announcement which Dr. Jenks explains is "as yet unconfirmed officially," is as follows:

"An agreement is just now being reached whereby Chinese radical leaders, hitherto strongly opposed to President Yuan Shi Kai, will join hands in upholding the president and government of China. The Chinese political leaders without exception feel that personal differences should be obliterated in the face of the present international situation and the necessity of Chinese national unity as an essential aid to the preservation of Chinese national integrity. Interesting developments are expected from negotiation now proceeding in China, in America and in Europe."

Dr. Jenks said that while he did not care to hazard the prediction that Dr. Sun Yat Sen, who is in Japan and General Hwang Hsing, who is in this country may soon return to China to assume responsible posts in the government of that country, such a development would not greatly surprise him.

MISSIONARY MEETING.

The Woman's Missionary Society of the First Baptist church held their regular monthly meeting Thursday afternoon at the home of Mrs. Joseph Jackson, 748 W. North street.

The meeting was opened with a song, "How Firm a Foundation". The devotional services were led by Mrs. I. C. Coleman, who read several passages of scripture, after which Mrs. Gard and Mrs. Mayer offered prayer.

After the regular business was transacted an excellent program was given with Mrs. O. N. Barr as leader. Mrs. Barr read an interesting paper on, "City and Country—How to Reach Them." This was followed by a vocal solo by Mrs. Thos. Harber, accompanied by Miss Mabel Goltz.

The last number on the program was a dialogue, "Missions", led by Mrs. A. E. Goltz, assisted by ladies of the society, and was much enjoyed by all.

The meeting closed with song, "Blest Be the Tie That Binds" and prayer by Mrs. Blunt.

TARIFF AND UNEMPLOYED BIG FACTORS IN LANDSLIDE

William B. McKinley Asserts Electioneering Was Easy in His District.

Chicago, Nov. 5.—"The tariff and the problem of the unemployed—and they go together—were the big factors in the Republican landslide," said William B. McKinley, former chairman of the Republican congressional committee, here today. Tuesday's election sends Mr. McKinley back to congress.

The successful candidate said that electioneering was easy for him this year, else the Wilson administration reduced the tariff on corn which is largely grown in his district, the 19th Illinois.

Republican legislators believe that they will be able to control the lower house at Springfield without resort to the recently customary bipartisan alliance. Edward D. Shurtliff, speaker of the Forty-fourth, Forty-fifth and Forty-sixth general assemblies and Homer Tice, Sherman's campaign manager, were prominently mentioned for the office. The liquor question, however, may upset partisan plans.

D. O. K. K. CEREMONIAL FOR THANKSGIVING DAY.

Program Extraordinary is Planned and Will Begin in the Afternoon—Tyros Will Be Received.

Iberian Temple D. O. K. K. has just issued announcement of a celebration jubilee to be given Thanksgiving afternoon and night. It is planned to receive a Thanksgiving class of tyros at that time and the ceremonial promises to be one most "extraordinary." According to L. B. Turner, royal vizier, and H. Jay Rodgers, secretary, the ceremonial will be along new lines and will begin early and close early. The opening exercises will be at 4:30 o'clock with a banquet at 6:30, drill at 7:30, the sepulchre of sin and the eighth order during the remainder of the evening. The financial statement which accompanies the announcement of the session indicates that the Temple's affairs are in excellent condition.

WILL GIVE SPECIAL LECTURE.

The Rev. Frederic Baylis announces that he has secured for Sunday night, Nov. 8, the great lecture with stereopticon, "Whose Girl is She?" This lecture has been prepared by the well known detective, Wm. La Vida Wiard. It has been heard on many chautauqua platforms and is a warning to parents and daughters of the dangers of the age. At the morning service Miss Lucille Fox will sing and at the evening lecture Mr. Harry Onken will sing "The Ninety and Nine" as the pictures of this song are shown on the canvass. All are welcome.

NEWLY ELECTED STATE SENATOR ISSUES STATEMENT TO VOTERS

Elbert S. Smith Sees in Result Demand on Part of the People for a Return to Republican Policies.

Senator Elect Elbert Smith has issued an open letter to the voters of this, the 45th district, extending his thanks for the cordial support given him. Mr. Smith rightly sees in the vote something more than a personal victory for the candidates and considers that the result may be taken rather as the voice of the people demanding a return to the principles of the Republican party which make for prosperity.

Mr. Smith in his letter says:—
Springfield, Ill., November 5, 1914.
To the Voters of the 45th Senatorial District:

I hereby extend my thanks to the voters of Sangamon and Morgan Counties for the loyal support given me in my candidacy for State Senator, and especially to the committees of the two counties and to the friends who advocated and solicited support for myself and the entire Republican ticket. The happy result for each candidate on the Republican ticket was greatly aided by the splendid personnel of the entire State and County Tickets. While severe criticisms have been made in the heat of the campaign, the fact remains that the State and County tickets in their entirety are a high class in every respect and the County ticket is one that will be a credit to the county and a pleasure to those having business in the county offices. We are fortunate indeed in having the magnificent leadership of Hon. L. V. Sherman and his forceful arguments and presentation of the political issues.

However, without detracting from the personal strength of the entire body of candidates the fact remains that the real lesson taught by this election is that the people do not approve the Democratic policies as developed and displayed in the last two years. Universal employment and high wages in the United States will not go hand in hand with free trade. The voters have aroused to the proposition that if wages shall be maintained in this Country substantially higher than in foreign countries a protective tariff is absolutely necessary. The Republican party stands for a protective tariff. This election is an emphatic declaration that the voters do not approve "a tariff for revenue only" but desire a return to "protection and prosperity."

Very respectfully,

E. S. Smith.

Mr. and Mrs. E. E. Watkins, and William Watkins of Chanterville were among the visitors in the city Thursday.

The Best Remedy For All Ages

and proven so by thousands upon thousands of tests the whole world over, is the famous family medicine, Beecham's Pills. The ailments of the digestive organs to which all are subject, from which come so many serious sicknesses, are corrected or prevented by

BEECHAM'S PILLS

Try a few doses now, and you will KNOW what it means to have better digestion, sounder sleep, brighter eyes and greater cheerfulness after your system has been cleared of poisonous impurities. For children, parents, grandparents, Beecham's Pills are matchless as a remedy

For Indigestion and Biliousness

Sold everywhere. In boxes, 10c., 25c.

The directions with every box are very valuable—especially to women.

OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold in head catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and the throat; clears the air passages, stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear—adv.

January and February 1915

CAMEL CIGARETTES

Are Here!

To cigarette smokers of America who smoke 5c, 10c, 15c, 20c or 25c cigarettes:

Here are Camels—20 cigarettes for 10 cents—a choice blend of specially selected Turkish and domestic tobaccos!

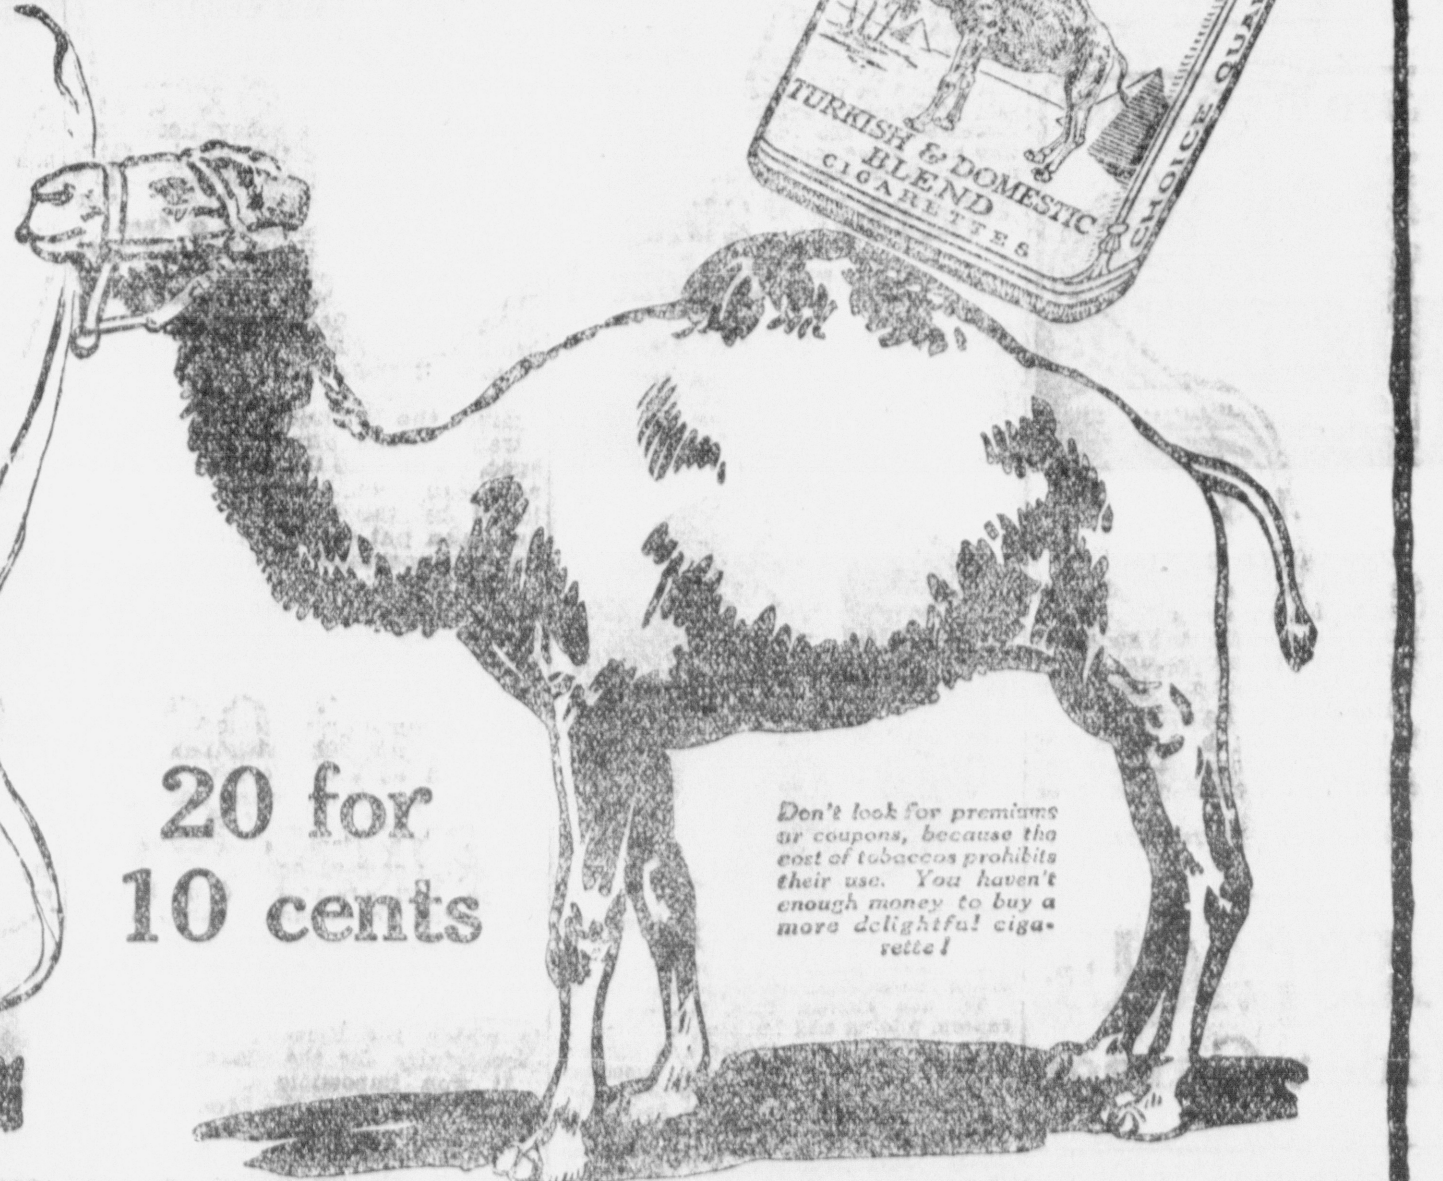

No man's money can buy a more delightful cigarette at any price.

High grade tobacco and expert blending gives you a cigarette that will not bite the tongue and leaves no cigarette taste (you know what that means!) in the mouth.

Every time you buy another brand you're simply wasting money and pleasure.

On sale all along the line—20 for 10c.

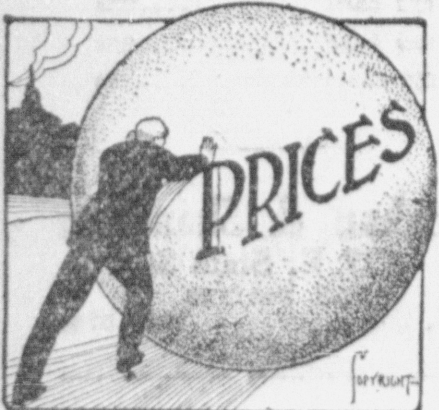

If your dealer can't supply you, send 10c for one package or \$1.00 for a carton of ten packages (200 cigarettes), sent postage prepaid. If after smoking one package you are not delighted with CAMELS, return the other nine packages and we will refund your money.

20 for 10 cents

Don't look for premiums or coupons, because the cost of tobacco prohibits their use. You haven't enough money to buy a more delightful cigarette!

able for two ladies. 502 Jordan
street. Bell telephone 825

SOIL QUESTIONS
DISCUSSED BY FARMERS

INSTITUTE AT MURRAYVILLE
THURSDAY WAS WELL AT-
TENDED.

Alfalfa and Fertility the Afternoon
Themes With Addresses by Frank
I. Mann and Arthur M. Masters—
Mrs. Daniels of Greenville Talk-
ed on Trend of Education in
Common Schools—Meeting Was
Planned by Murrayville Business
Men's Association.

The Farmers' Institute held at
Murrayville Thursday attracted a
great many farmers and others in-
terested in agriculture to that town.
The sessions were held in the Meth-
odist church, one in the afternoon
and another at night. G. Justus
Wright, who is a member of the
committee on rural affairs of the
Murrayville business men's associa-
tion, presided at both sessions and
was largely instrumental in arrang-
ing for the excellent program. The
principal speakers of the day were
Frank I. Mann of Gilman, A. M.
Masters of this county, and Mrs. J.
M. Daniels of Greenville. Mr.
Mann and Mr. Masters spoke in the
afternoon and Mr. Mann and Mrs.
Daniels at night. The program was
varied with several readings and
musical numbers.

In the afternoon after Chairman
Wright had called the assembly to
order William Stansfield played a
violin solo ably and was accompan-
ied by Mrs. Charles Short. Follow-
ing Mr. Masters' talk a very enjoy-
able reading was given by Miss Mil-
dred McCarly, "Farmer Stebbins at
the Bat."

The evening program included a
vocal solo by Miss Beulah Kitzer, a
duet by Miss Mildred Wright and
Willard Wesner, and several
selections by the "Short Kids", all
of which were greatly enjoyed. Mr.
Masters was introduced to talk on
alfalfa, and the chairman mention-
ed that the speaker was one Morgan
county farmer who during re-
cent years has been farming along
scientific lines and has produced re-
sults which are very gratifying. Mr.
Masters now has a total of 65 acres
planted in alfalfa. This is not all
in one body but there are a num-
ber of alfalfa fields on the Masters
farms. This is by far the largest
acreage of alfalfa in the county un-
less possibly on the Andras lands.

No Mystery About Alfalfa.

Mr. Masters asked how many
there were in the audience who
were raising alfalfa and the number
was found to be surprisingly small.
He then went on to show what a
profitable crop alfalfa is by com-
paring the production from one acre
with the value of an equal weight
in corn or bran. He said that one
ton of alfalfa is equal to a ton of
bran in feed value and the cost of
the ton of bran is anywhere from
twenty to twenty-eight dollars. The
speaker said that there was no mys-
tery about raising alfalfa and that
any farmer could do so successfully
if he would follow the simple rules
which have been taught by experi-
ence. Alfalfa feeds on minerals
and for its sustenance there must be
nitrogen and phosphorus in the
soil. The nitrogen is supplied from
carbonate of lime and the phosphor-
us will come by the application of
phosphate. The speaker said that
he regarded alfalfa as almost a
panacea for farmers' ills. It does
not require the best land and as a
matter of fact some of the thin
hilly land in this county could easi-
ly be turned into alfalfa-bearing
land unless there is too much wash.

Mr. Masters gave the food value
of shelled corn per acre as \$23.27,
of ensilage \$44.00 and of alfalfa,
\$80.64, these figures being based
upon experiments by the University
of Illinois. He said that if the av-
erage farmer could get a number of
crops of corn from one seeding by
using some special method in doing
so that he would take all kinds of
trouble to accomplish this end, and
that he could see no reason why a
farmer was not willing to use the
same principle in relation to alfalfa
when the results would be even
better.

Sowing With a Drill.

Asking as to the best method of
sowing the speaker said that it was
probable that a drill made especial-
ly for the purpose furnished the
best method. This is the plan used
on the Andras farms, and when the
seed is drilled in about 14 to 16
pounds is used per acre, whereas
in sowing by some other method
the average amount used is 20
pounds. The speaker read from
statistics showing that in 1912 Lake
county had 4,690 acres of alfalfa,
Sangamon county had 410 and Morgan
county 159. He said that regard-
less of the agitation there has
been along this line, he did not be-
lieve there was more than 500 acres
planted in Morgan county in 1914.
Mr. Masters has found that hogs
turned in upon an alfalfa field do
exceedingly well and he followed
this plan a year ago with a large
drove of hogs which had just been
vaccinated. However, he does not
recommend this as a general propo-
sition as the animals, if the ground
is at all wet, are very apt to materi-
ally damage the alfalfa plants.

Small Alfalfa Acreage Explained.

When the speaker asked the ques-
tion as to why so few farmers in
Murrayville precinct planted alfalfa,
S. A. Bracewell suggested that
one reason is that the crop takes
the best land for its purposes and
as another reason that much of the
land is operated by renters who
are reluctant to put in the neces-
sary labor and expense for a crop
of which they will not get the full
value unless they remain upon the
farm for a series of years. Another
objection raised was the amount
of help necessary to take care of a
large cutting of alfalfa and the
fact was suggested, too, that the
cutting frequently comes just at the

SALE NOW GOING ON

First Reduction Sale Now

THIRTY DAYS AHEAD OF ALL OTHERS

This is an announcement that will overshadow, in its importance to women prepar-
ing their Winter wardrobes, any similar occurrence ever presented in Jacksonville. Our
stock of Coats, Suits, Dresses and Millinery is nothing short of enormous. Recent
arrivals, embracing the season's most notable and unique novelties, are crowding our quarters to repletion,
and we must find an outlet that is immediate and ample. The best in our magnificent stock must go.
*Radical price reduction has been ordered. The opportunity of a lifetime to acquire
the height of mode, and absolute perfection in costumes and coats at a minimum cost.*

Unlimited Assortment—Unquestioned Style—Unapproachable Prices.

Here Is a Fine Display of Some of the Garments that Go in This Sale:

\$25.00 to \$30.00 SUITS
Fashionable short Coat
Suits and stunning long Coat
Suits, including Redingote,
Cossack, Modified Basque and
Postilion effects.
Fashioned from Broadcloth, Wide Wale fabrics, Diagonal
Cheviots, Gabardines, Men's Wear and French Serges and novelty
weaves in black, all new shades; all sizes.

ues.

time when labor is needed in the
corn fields. In answering these ob-
jections Mr. Masters pointed out
that poor land can be used just as
well as the rich soil for alfalfa
and maintained that if an acre of
alfalfa was producing in dollars
twice as much as an acre of corn
that it made no difference if the
corn was neglected in favor of the
alfalfa. He said, too, that the ten-
ants if they showed proper interest
could reap the benefits of alfalfa
raising just as well as the land own-
ers.

The Time to Plant.

Mr. Masters believes that the best
time for planting alfalfa is in Aug-
ust and thinks that the best way is
to let the land which is to be plant-
ed lie idle for some months before,
only disking it enough to keep the
weeds down. He emphasized the
point that alfalfa is not "fool-proof"
and that unless the tried methods
are followed, that is in the prepara-
tion of the seed bed, in the inocu-
lation of the land and the use of
lime and phosphorus that good
results are not sure to follow. There
are occasionally exceptions and
some alfalfa has grown well with-
out any of the special preparation
or the application of the minerals
mentioned, but such success is rare
indeed.

Mr. Mann a Scientific Farmer.

Frank I. Mann was introduced by
Chairman Wright as one of the best
known farmers in Illinois. Mr.
Mann's farm is located near Gilman,
Illinois, and during the 10 or more
years that he has been farming ac-
cording to scientific methods he has
obtained some almost marvelous
results by comparison with careless
farming methods. Mr. Mann believes
in live stock raising but thinks that
the surest and cheapest method of
keeping up soil fertility is by the
growing of clover and other leg-
umes and by the application of rock
phosphate. The nitrogen he main-
tains can be supplied from legume
crops but that phosphorus can be
secured in no other way than by
the application of rock phosphate.
He believes that since there is no
where near enough manure to be
spread around upon the farm lands
of Illinois, that the problem which
confronts the agriculturists of the
state is to produce this fertilizer
in some other way. He says that
results by comparison with careless
farming methods. Mr. Mann believes
in live stock raising but thinks that
the surest and cheapest method of
keeping up soil fertility is by the
growing of clover and other leg-
umes and by the application of rock
phosphate. The nitrogen he main-
tains can be supplied from legume
crops but that phosphorus can be
secured in no other way than by
the application of rock phosphate.
He believes that since there is no
where near enough manure to be
spread around upon the farm lands
of Illinois, that the problem which
confronts the agriculturists of the
state is to produce this fertilizer
in some other way. He says that
results by comparison with careless
farming methods. Mr. Mann believes

keeping up soil fertility is by the
growing of clover and other leg-
umes and by the application of rock
phosphate. The nitrogen he main-
tains can be supplied from legume
crops but that phosphorus can be
secured in no other way than by
the application of rock phosphate.

Clover Needs Minerals.

He referred to his visit here a
year ago when he saw corn on the
Reve farm which averaged 75 bush-
els to the acre, and yet the season
had been exceedingly dry and the
corn crop was greatly cut in most
localities. This result had been at-
tainable because of the methods
which had been used in keeping the

soil cannot be built up in these ways.
The only substitute for the valuable
properties in barn-yard manure
come from calcium, which is found
in limestone and phosphorus which
comes from phosphate, and the hu-
mus matter which comes from the
growing of clover. When Mr. Mann
refers to clover he includes the
whole family, that is, alfalfa and
sweet clover as well as the red top
and other common kinds.

Feeding Clover to Cows.

Mr. Mann is especially firm in his
statement that clover should be al-
lowed to stand on the ground and
rot or else should be plowed under.
This rule he follows, at least as to
the first year of clover and also as
to the second crop of the second
year. However, so far as the mat-
ter of plowing under clover is con-
cerned, the plan followed must be
to furnish the amount of nitrogen
which is needed in the soil. There
is no value, however, in supplying
an overplus of nitrogen if there is
not enough phosphorus in the soil
to accompany it. There are other
ways of securing phosphorus in the
soil other than by the application of
phosphate, that is, with bone-meal
or some other fertilizer of that char-
acter, but these are all too expensive.
On his own farm Mr. Mann has
fields which have been supplied
with from four to five tons of phos-
phate. This has not been all ap-
plied at one time, but the plan has
been to put on from a thousand
pounds to a ton per acre per year.
He maintains that the soil in this
section of the state can be kept to
a high point of fertility by an an-
nual expenditure of fifty cents per
acre for limestone and one dollar
per acre for phosphate. He said
that Illinois lands have reached the
limit of the grain crop unless some-
thing is done, and that the only way
to secure more fertility is by plant-
ing more clover or other legumes.
The speaker went on to say that in
an experience of forty years in
farming he had never seen the year
when there was not some dry period
or time when the soil was not seem-
ingly short of humus. He said that
the clover route is the way to se-
cure the nitrogen and organic mat-
ter which is needed for fertility, but
that the phosphorus can be se-
cured in no other way than by the
application of phosphate.

Clover Needs Minerals.

He referred to his visit here a
year ago when he saw corn on the
Reve farm which averaged 75 bush-
els to the acre, and yet the season
had been exceedingly dry and the
corn crop was greatly cut in most
localities. This result had been at-
tainable because of the methods
which had been used in keeping the

soil fertile. The limitation on crop
production is based upon the lack
of nitrogen and phosphorus. Mr.
Mann said that he realized that it
was getting harder each year in
parts of Illinois to grow clover and
this very fact, however, served to
emphasize the need of clover. He
said that he had noticed sweet clo-
ver frequently growing luxuriantly
in a pile of cinders and in another
instance had seen it growing along
the sides of an old gravel pit. He
said there was no humus in the the
gravel pit or in the cinders, but that
the minerals necessary for the clo-
ver were found there and so made
clear what can be done if the nec-
essary minerals are supplied. He
said that we are wont to measure
the quality of the soil by its color
and refer to a black soil as rich
and a light soil as poor, but that
the real measure for a land is the
amount of nitrogen and phosphorus
that it contains. The speaker main-
tained that an annual expense of \$1-
50 an acre for limestone and phos-
phate will in ten years increase the
productiveness of the average Illi-
nois farm anywhere from thirty to
three hundred per cent. As sug-
gested before, Mr. Mann does not
devote great deal of attention to
live stock although he keeps some
hogs on his farm. He kept dairy
cows for a great many years, but a
year or so since sold the cows as
he had determined to his own sat-
isfaction by extended experiments that
he could obtain more certain results
in increasing soil fertility by feed-
ing clover to the corn by plowing
it under than he could by feeding
the clover to his dairy herd.

So then Mr. Mann's deeply rooted
opinion upon soil fertility is simply
this, that fertility can be secured
and maintained by securing the
proper amount of humus, of nitro-
gen and of phosphorus for the soil,
and that these things can surely be
secured by the growing of clover or
some other legume and by the ap-
plication of rock phosphate.

Educational Chances.

At the night session Mr. Mann
continued his talk begun in the af-
ternoon on soil fertility and some
new lines were developed by the
questions asked. Mrs. Daniels
theme was "The Education of the
Boy and Girl of Tomorrow." The
speaker found much to commend in
our present school system, although
she did not consider it without
fault. She believes that with coming
years there will be a greater ten-
dency to try and fit boys and girls
in the schools for the actual work
that they are to undertake in the
world afterward. That is, she be-
lieves that vocational training or
something akin to it will have

sway in the public school system in
both city and country. The speak-
er also advanced the idea that se-
gregation of the boys and girls is
desirable, possibly from the sixth
grade on, and that such segregation
would result in the possibility of
teaching sex hygiene, physiology and
kindred subjects which she believes
would be beneficial. Mrs. Daniels
realizes that this matter of segrega-
tion can not be accomplished until
the one-room schools throughout
the state have been done away with.
There are now about 10,000 such
schools in Illinois and of course a
considerable number of years will
pass before the one-room system
has developed into some other. Al-
together her address was heard with
great interest and many of the
ideas she suggested were recognized
as in accord with advanced legisla-
tion and theory along educational
lines.

OKLAHOMA TEACHERS

HAVE RECORD MEETING

Oklahoma City, Okla., Nov. 5.—
July 4,000 teachers in Oklahoma
the largest educational gathering
ever held in the state, were present
this morning when the State Edu-
cational Association opened its an-
nual convention. The programme
includes talks by Dr. Charles H.
Judd of the University of Chicago,
Prof. Charles Zuehlke, the Boston
sociologist, Dr. Woods Hutchinson,
the lecturer-physician, Prof. P. G.
Holden of Chicago and Miss Lottie
Stearns of Milwaukee.

The session opened in the Auditor-
ium this morning and will con-
tinue until Saturday noon.

GUY FAWKES DAY IN ENGLAND.

London, Nov. 5.—Today is the
29th anniversary of the discovery
of the gunpowder plot, and, al-
though the excitement of the pres-
ent war-days is enough to interest
the English people, the younger ele-
ment is celebrating the Guy Fawkes
Day by burning effigies of Fawkes.
Fawkes and his co-conspirators were
caught red handed on Nov. 5, 1605,
in the vaults under the house of
commons during the sitting of a ses-
sion of parliament in the reign of
King James I. The conspirators
were about to lay a train of over 100
kegs of powder for the destruction
of the entire parliament.

FUNERAL NOTICE.

Funeral services for Mrs. Ida
Gimbel will be held at the residence
in Chapin this afternoon at two
o'clock. Interment will be made in
the Jordan cemetery.

Clyde Rudisill was a visitor in
the city Thursday from Arcadia.

WANT SPECIAL TRAIN FOR

MEETING IN SPRINGFIELD

Woman's Club Making Arrange-
ments for Special for Next
Thursday.

Members of the Woman's Club
are working to secure a special
train for those from Jacksonville
wishing to attend the sessions of
the Illinois Federation of Woman's
Clubs in Springfield on Thursday,
Nov. 12. In order to get a special
train tickets will have to be guaran-
teed and an effort is being made to
find out who wishes to go to
Springfield, as it will be necessary
to know some time before the day.
Mrs. James H. Danskin and Mrs.
George Guthrie have charge of the
arrangements for the train.

The sessions of the federation are
to be held in Springfield November
9 to 13, and next Thursday's ses-
sion is one of the best of the con-
vention. Sorosis, the Wednesday
Class and the Woman's Club, are
among the local organizations that
will send delegates. The Sorosis
delegates are Mrs. T. J. Pitner and
Miss Mae Dummer and those from
the Woman's Club are Mrs. J. H.
Danskin and Mrs. J. K. C. Pierson.

PUBLIC AUCTION.

320 Acre Farm For Sale at Public
Auction, Wednesday, Nov. 18,
1914, at 2 p. m.

North one-half (1-2), section
(18), Township seven (7), north
range two (2), west of the fourth
principal meridian.

I will sell at public auction a fine
farm of 320 acres in Pike county,
Illinois, to the highest and best
bidder. This farm must be sold. It
consists of 260 acres in cultivation,
ten acres of orchard and balance in
pasture and timber. The improve-
ments consist of a good four room
house, large barn, sheds, fine deep
well and wind mill, four miles from
Pearl, Illinois, town of 2000 on C.
& A. railroad. Good school, on fu-
ral delivery. Telephone services.
This farm will first be offered in
tracts of 80 acres, then in 160 acre
tracts and then in a body as a
whole.

There is a mortgage of \$9000 due
January 1st, 1916, which can be re-
newed when due if desired. Title
is perfect and abstract furnished
purchaser of purchasers.

This farm has paid and will again
pay an income of 10 per cent on a
valuation of \$40,000. This bargain
will bear investigation.

For further information address
E. E. Harding,
108 S. Adams St., Peoria, Ill.

YOU'RE BILIOUS AND COSTIVE! "CASCARETS"

To-night! Clean Your Bowels and
End Headaches, Colds,
Sour Stomach.

Gea a 10-cent box now.
Furred Tongue, Bad Colds, Indi-
gestion, Sallow Skin and Miserable
Headaches come from a torpid liver
and clogged bowels, which cause
your stomach to become filled with
undigested food, which sours and
ferments like garbage in a swill
barrel. That's the first step to un-
told misery—indigestion, foul gases,
bad breath, yellow skin, mental fears
everything that is horrible and nau-
seating. A Cascaret tonight will
give your constipated bowels a
thorough cleansing and straighten
you out by morning. They work
while you sleep—a 10-cent box from
your druggist will keep you feeling
good for months. Millions of men
and women take a Cascaret now
and then to keep their stomach,
liver and bowels regulated, and never
know a miserable moment. Don't
forget the children—their little in-
sides need a good, gentle cleansing,
too.

FALLING HAIR MEANS
DANDRUFF IS ACTIVE

Save Your Hair! Get a 25 Cent
Bottle of Dandruff Right Now.

Thin, brittle, colorless and scrag-
gy hair is mute evidence of a ne-
glected scalp; of dandruff—that awful
scurf.

There is nothing so destructive
to the hair as dandruff. It robs
the hair of its lustre, its strength
and its very life; eventually pro-
ducing a feverishness and itching of
the scalp, which if not remedied
causes the hair roots to shrink,
loosen and die—then the hair falls
out fast. A little Danderine tonight
—now—any time—will surely save
your hair.

Get a 25 cent bottle of Knowl-
ton's Danderine from any drug
store or toilet counter, and after
the first application your hair will
take on that life, lustre and luxur-
iance which is so beautiful. It will
become wavy and fluffy and have
the appearance of abundance; an
incomparable gloss and softness, but
what will please you most will be
after just a few weeks' use, when
you will actually see a lot of fine,
downy hair—new hair—growing all
over the scalp.—Adv.

ILLINOIS OFF FOR MILLIKIN

TEAM WILL LEAVE TOMORROW
MORNING FOR DECATUR.

Greatest Game of the Season Expected When Teams Clash Saturday Afternoon—Coach Harmon's Men Holding Secret Practice—Big Crowd of Rooters Will Accompany Squad.

It has been many a day in the history of Illinois college and Jacksonville that football enthusiasm has reached such a high pitch as is the case this year. Although the public has not had the opportunity of watching the team in action at home very much and that against strong eleven of the minor college conference, yet their progress has been watched just the same with an increasing interest. This interest has become so acute that a number of fans cannot wait until the Thanksgiving day when William and Vashit comes here but they will go to Decatur to witness what promises to be a real gridiron battle. Illinois has not lost a game this season.

Special Car of I. T. S. The team will leave on the 8:23 Wabash train Saturday morning and will be accompanied by a large representation of the student body, including many citizens. They will get off at Springfield and will make the rest of the journey via the Illinois Traction system. Arrangements have been made to take a special car back over the Traction system to Springfield and catch the Alton train to Murraville getting back to Jacksonville at 8:45 o'clock. There will be a number of people going in automobiles if the weather continues fine and the prospects for a clear sky look good.

Expect Hard Game. Coach Harmon has been giving his men the hardest week's practice yet and has one more day to smooth out a number of rough places. Illinois expects a harder game with Millikin than they had with Wesleyan University a week ago whom they defeated 20 to 17. But in the Wesleyan game Illinois did not show her complete hand. The game at Wesleyan revealed a characteristic of the I. C. eleven when they are hard pressed. It was up to the varsity squad to get a touch down and this they did after five downs.

Holding Secret Practice. This is the first time in the history of Illinois college that secret practice has been indulged in on the hill. No one except members of the squad are allowed on the diamond. That Millikin university is strong especially on their own field, no one denies, and the Illinois men realize the tough proposition they are going up against. The contest, too, is a crucial one, in that Millikin, because of the defeat they gave William and Vashit, still hopes in some way to have a slice when the minor college football champion ship match is out.

Record-Breaking Crowd. Millikin is making big preparations for the game and each day are devoting a special time to "boosing" meetings. A parade will be held and they are planning to have one of the largest crowds present that ever witnessed a football game on Millikin university gridiron.

THE JELKS ENTERTAINMENT POSITIVELY WILL NOT BE REPEATED THIS YEAR.

WITH THE SICK. Miss Hazel Massey is detained at home by illness.

James R. Ginder of West Lafayette avenue is reported very ill.

Friends in the city have received word that P. J. Morrissey, formerly of Jacksonville is critically ill at his home in McCook, Nebraska.

Mrs. E. C. Carpenter of Hardin avenue has been detained at home for several days by illness.

ATTRACTIVE PROGRAM. An attractive program has been gotten out by Harold Johnson, manager of the Grand Opera house. The frontispiece was designed by Chas. R. Wilthee and is very attractive.

MORTUARY

Martin.

R. R. Stevenson has received a letter informing him of the death of George H. Martin at the old soldiers home at Leavenworth, Kansas, where he had been for the past two years. Mr. Martin was 74 years of age and will be remembered by many of the elder citizens of Jacksonville as he resided here many years ago. He served during the war in Company D of the 114th Illinois and was a comrade of R. R. Stevenson, A. P. Vasconcellos and James Fox of this city. Most of the members of the company were Cass county men. Mr. Martin was raised by the late Robert Stevenson and he and R. R. Stevenson were as intimately associated as brothers. The deceased was a man of strong character and kindly ways and many will regret to learn of his death.

FUNERALS

Babenhausen.

The remains of Miss Carrie Babenhausen arrived in Jacksonville Thursday at noon via the Chicago & Alton from Cleveland, Fla., and were taken to the Reynolds undertaking establishment where funeral services were held Thursday afternoon at 2 o'clock. The services were conducted by Rev. J. W. Miller, pastor of Grace M. E. church, and music was furnished by Miss Teydek and Mrs. Arthur Rhefeldt. The flowers were cared for by Miss Lizzie Katachak, Miss Adele Heint and Miss Kackman.

Interment was made in the Jacksonville cemetery and the bearers were D. H. Holley, Henry Holley, Edward Tendick, Frank Katachak, Charles Katachak and J. F. Claus. Among the relatives from a distance who attended the services were C. A. Babenhausen of St. Louis and Henry Babenhausen of Cleveland, Fla.

JACKSONVILLE AUTO STRIKES NORMA GRANT NEAR BEARDSTOWN

Girl Steps out of Way of One Car and in Front of Another—Is Getting Along Nicely.

Miss Norma Grant, aged 12, daughter of Mr. and Mrs. Sam Grant who reside on the A. E. Schmolz farm a few miles from Beardstown on the Arezville pike road, suffered two broken limbs, a bad wound on the forehead and the loss of all her front teeth, when she was struck and run over by an automobile Monday evening at 4:30 o'clock while on her way home from school.

Both legs are fractured above the knee and the young lady has suffered greatly with her injuries. As she was walking down the road from school, two automobiles approached her, one going toward Jacksonville and the other coming toward Beardstown. She stepped out of the way of the car coming toward this city and in doing so got in the way of the other machine. The car was traveling at a rapid rate and she was struck with great force. The car was owned and driven by J. S. elf of Jacksonville, who was on his way home from Beardstown.

While the injuries are of a serious and very painful nature they are not such as to cause alarm as to their fatality. Dr. Schweer visited the patient this morning and the fractures were reduced, but it will require considerable time for her to recover from the effects of the accident—Illinoisian Star.

WINTER APPLES FOR SALE. For sale at the Burlington freight yards commencing today at 1 p. m., 500 bushels choice New York winter apples, Baldwins and Greenings, at 75 cents per bushel.

J. B. Ogil.

Miss Elsie McEvers of Chicago is home for a couple of weeks vacation with her mother, Mrs. R. C. McEvers on West Lafayette avenue.

ELECTION RESULTS ARE REFLECTED IN FINANCIAL LINES

Broader Inquiry for Investment Issues and Prices Advance in Securities.

New York, Nov. 5.—The result of the recent election was reflected today in a broader inquiry for investment issues and general advances in the prices of listed securities being traded in outside the stock exchange.

Another helpful factor was the announcement that Liverpool cotton exchange is to reopen on a restricted basis of operations tomorrow. The news created a feeling of optimism in local cotton circles, where it was felt that the New York cotton exchange will soon be reopened. Stock exchange authorities lost little time in denying reports that the representatives of the British government now conferring with American treasury officials and bankers had suggested the advisability of an indefinite suspension of regular market operations here. It is a fact however, that at this time not even an approximate date for the reopening of the local exchange has been set.

Improvement in sentiment was most pronounced in the steel trade, despite the belief that the October statement of the United States Steel Corporation to be issued next Tuesday is likely to show another large decrease in unfilled orders. Manufacturers in other lines, including textiles also expected a more hopeful view of the immediate future.

MISS TESSIE WOODALL WEDS MYRLE McEVERS AT WINCHESTER

Ceremony Takes Place at Residence of Bride's Parents—Will Reside on Farm Near Glasgow.

Wednesday evening at 6 o'clock at the beautiful country home of Mr. and Mrs. S. A. Woodall, southeast of Winchester, Tessie Woodall, their eldest daughter, was united in marriage to A. Myrle McEvers of Glasgow vicinity. It was a quiet home wedding, only the parents and a few near relatives being present. The ceremony took place in the parlor and the bridal party stood beneath a beautiful arch decorated in yellow and white. The couple was attended by Miss Veda Woodall, a sister of the bride, and Jesse Dean of Murrayville. During the ceremony, which was performed by Rev. George W. Murray, Miss Blanche Woodall, a sister of the bride, played soft music. The bride's gown was cream chiffon over cream silk and she carried bride's roses. The bride's maid wore net over pink silk and carried pink carnations. After the congratulations a sumptuous wedding supper was served in the dining room, which was prettily decorated in pink and white.

The bride has spent her entire life in Winchester and vicinity and has endeared herself to a wide circle of friends by her cheerful ways. The groom is a son of Mr. and Mrs. W. B. McEvers, is a prosperous farmer and a young man of good habits. Both are held in the highest esteem and will receive the best wishes of their many friends. They were the recipients of many beautiful and valuable presents.

Mr. and Mrs. McEvers will be at home after December 1 on a farm owned by the groom's father near Glasgow.

Are Granted Divorce.

The divorce case of Charles Quintal and wife of Naples was heard Thursday morning and after granting the divorce court was adjourned at noon.

Organize Orchestra.

An orchestra has been organized and the first meeting for rehearsal was held Thursday night. Mr. Gorman of St. Louis is the director.

Newly-Weds Entertain.

About ninety friends of Mr. and Mrs. Burl Hornbeck, who were recently married, went to their home Wednesday evening taking refreshments with them. A very delightful evening was spent.

Personal Mention.

Miss Bell Henderson left for Chicago Wednesday night for a short visit.

Dr. and Mrs. Thomas of Roadhouse were visiting in Winchester Thursday evening.

Mrs. W. S. Gibbs who resides

near Hillview, arrived Thursday for a visit at the home of Mr. and Mrs. Earl Nelson.

Mr. and Mrs. Arthur Taylor of Salt Lake City, who are on their wedding trip, are visiting at the home of Mr. and Mrs. Frank Mason.

ELLIOTT STATE BANK.
All deposits made in the Savings Department of the Elliott State Bank during the first ten days of November will draw interest from the first of the month.

BEARSTOWN WILL

PLAY HERE TOMORROW

Cass County Eleven Will Clash With J. H. S. Football Squad Saturday on Illinois Field.

Football enthusiasts will have an opportunity to see the high school eleven in action next Saturday afternoon at 2:30 o'clock when they meet the Bearstown high school squad. It is understood that Bearstown has been defeated only once this year and that by Greenfield. The Cass county eleven is composed of a husky bunch of players and should put up a stiff game.

Coach Buland has been getting his men in shape since the hard tussle of a week ago with the Peoria Central high school. Two men will be out of the line-up, C. Strawn at center and Haigh at half back. Haigh has a bad injury to his hand and he will not likely be able to play any more this season. Morse of Carrollton has been secured to referee the game and Darragh of Illinois college will umpire.

The J. H. S. line up will be: Thompson, re; Meyer, rt; Reynolds, rg; Herring, c; Robinson, lg; Strawn, lt; R. Reynolds, qb; Pyatt, le; Maddox, rlb; Boxell, lb; Killbrew, fb.

PHILLIPS & OSBORNE.

VISITING RELATIVES HERE.

E. C. Carpenter of Hardin avenue is enjoying a visit from his mother Mrs. L. C. Carpenter and aunt Mrs. William Carter of Keokuk, Iowa. The ladies spent Thursday in St. Louis. They expect to return home by Sunday.

WILL RETURN SOON.

Word has been received that Miss Ida Venner, superintendent of Passavant hospital is visiting in Crawford, Mich. She expects to be in Jacksonville the 15th of this month.

UNDERGOES OPERATION; WALKS HOME FROM STATION NEXT DAY

Louis P. Conlee of East College Street Has Remarkable Experience—Will Go to White Hall Today or Tomorrow.

Louis P. Conlee of 623 East College street, returned home from Springfield Thursday afternoon, where he underwent an operation for appendicitis. Mr. Conlee's experience is probably the only one of its kind on record in this part of the county.

Mr. Conlee had been feeling ill for the past two weeks and Tuesday went to Springfield, accompanied by his brother-in-law, Dr. Peak of White Hall, and Wednesday morning of this week underwent an operation for appendicitis at the Springfield hospital. The operation was performed by Dr. Don Beal of Springfield, assisted by Dr. Peak and Dr. Charles Conlee of St. John's hospital, Springfield. The patient returned to Jacksonville Thursday afternoon at 1:20 o'clock via the Wabash and walked from the station to his home, a distance of half a mile or more. Last night he was feeling well and expects to go to White Hall either today or tomorrow to be under the care of Dr. Peak.

JUDGES SELECTED FOR ORATORICAL CONTEST

Joseph Looney, Illinois College's Representative, Will Speak Tonight in State Meet.

The judges have been selected for the state oratorical contest to be held in Bloomington this evening. They are: Rev. David McLeod, Springfield; J. F. Wiley, superintendent of Mattoon City Schools; Prof. P. F. Hopkins of the University of Illinois; Prof. Hursh of Macomb Normal, and Hon. William M. Groves of Petersburg.

In previous years orations have been judged on thought and composition on delivery from the platform, and the markings of the two compiled. At the contest tonight, a new system of judging will be tried in that the five judges will mark both thought and composition and delivery from the platform.

Joseph Looney, Illinois College's representative, will leave this morning accompanied by a number of the students.

MISSIONARY SOCIETY.

The Missionary Society of Central Christian church will meet Friday afternoon at 2:30 at the church. The topic for discussion will be "Service plus Better Service." Mrs. Bell will be leader, after this a social tea will be given by division "C." Every member is urged to be present.

INSTITUTE AT FRANKLIN TODAY

FARMERS WILL HOLD TWO DAYS SESSIONS.

Program Includes a Number of Well Known Speakers.—Large List of Prizes Offered.

Everything is in readiness for the farmers' institute today and Saturday at Franklin, and indications point to a good attendance and a representative display of exhibits from farm and home, says the Franklin Times.

This morning will be given over to the receipt and arrangements of exhibits. It is requested that all articles to be displayed in competition be on hand by 2 o'clock Friday afternoon as the judges will then begin the work of awarding the prizes.

Friday afternoon the chief speaker will be Frank I. Mann, of Gilman, a noted soil expert, who will speak on "Soil Fertility" and his remarks will be followed by a general discussion in which all farmers are invited to participate. Friday morning at 11 o'clock Col. Mann will speak on "Alfalfa."

Friday evening the institute will be in the hands of the ladies of the Home-Makers' Circle, and Mrs. J. M. Daniels, of Greenville, will express her ideas as to "Why Some Women Fail as Home-Makers." Possibly some men in the community may think they can give Mrs. Daniels pointers on this subject but they are invited to come and hear what she has to say.

Saturday morning J. A. Groves, of Jacksonville, who shortly before the war broke out returned from Russia, will speak on "How to Handle Plows."

Lawrence Seymour, who attended the boys' farm school at the last state fair, and Miss Ethel Spies, who represented Morgan county at the domestic science school fair week will present their reports.

Saturday afternoon W. P. Flint, of Springfield, assistant state entomologist, will speak on "Insect Injuries" and the ladies will have a separate meeting in the M. W. A. hall where Mrs. Daniels will again be the speaker.

PACIFIC HOTEL TO CHANGE HANDS SOON

Agreement Has Already Been Made and it is Understood Papers Will be Signed at Once—Messrs. Lesh and Norris Have Made Good.

Through a deal which will be consummated shortly the Pacific hotel, of which Messrs. Lesh and Norris, are the proprietors, will pass into the hands of Edward E. Brennan, a former proprietor of the well known hostelry.

It is understood that the terms of the sale have been agreed upon and all that is necessary now is for the papers to be signed. For several weeks Mr. and Mrs. Brennan have been making Jacksonville their home during which time Mr. Brennan has been looking about for a location. For some time Mr. Brennan was manager of the hotel but after selling out went to Panama, where he has successfully conducted a hotel.

Messrs. Lesh and Norris came here several months ago, and have made extensive improvements on the hotel, putting in an elevator, re-decorating the entire establishment, installing both hot and cold water in all the rooms, and in every way making it more up to date. The hotel has also enjoyed an unusually good patronage all of which is due to the enterprise of the two men. They have also made many staunch friends during their residence here.

SOCIAL EVENTS.

The Ladies Aid society of Mt. Zion M. E. church met Thursday at the home of Mrs. John L. Johnson of Joy Prairie. It was an all day meeting and at the noon hour a two course dinner was served which was greatly enjoyed. The ladies decided to hold their Christmas bazaar and oyster supper November 26.

The following members were present: Mrs. Rachael Peters, Mrs. William Paschall, Mrs. William Dunn, Mrs. William Willard, Mrs. Emma Johnson, Mrs. George Acom, Mrs. Marshall Stout, Mrs. Allison Thomason, Mrs. Louis Watt, Mrs. John Johnson and Miss Myrtle Paschall.

A number of young people of the city went to the home of Mr. and Mrs. Frank Hunter of the Sinclair neighborhood Thursday evening where an oyster supper was held and a very enjoyable evening spent. Those in the party were Misses Mary Clampt, Bea Ellis, Flossie Proctor, Nina Wright, Marie Siebert, Louise Strandberg, Louise Wood, Ethel Mann, Mrs. J. W. Mann and Mrs. J. W. Wright.

Mrs. Ona Crum entertained the members of the Ladies Aid Society of the Litchberry Baptist church Thursday afternoon. Fifty members and invited guests were present and after the regular business session a musical and literary program was given. This was followed by a social hour when refreshments were served.

Sewing for Bride-to-be.

Miss Laura Boylan, 856 South East street, entertained at a sewing Thursday evening for Miss Mabel Lonergan, whose marriage to Mr. Oliver Cain is announced for next week. After a pleasant evening spent in making useful articles for the bride-to-be a dainty luncheon was served by the hostess. Chrysanthemums were employed in an artistic color effect of red and white.
